

68th
Annual Report
2022 - 2023

Godavari Biorefineries Ltd

Our Mission

- To be a world-class global organization.
- To be the leading integrated biorefinery.
- To continuously add value to every part of sugarcane and any other biomass that the company processes.
- To visualise, understand and meet customer needs and expectations.
- To provide superior returns to shareholders through efficient management, innovation and teamwork.
- To participate in, and contribute to the all-round development of the community in which the company operates.
- To be a place where individuals aspire to and can make a difference, where good performance is applauded and of which people are proud to be a part of.

Golden Jubilee Celebrations 50 years of cane crushing in Sameerwadi

Golden Jubilee celebrations held in Sameerwadi on 9th Oct, 2022 by the farmers and employees to commemorate the 50th year of the first crushing season of the Sameerwadi factory.

Sbri Samirbhai, Mrs. Amritaben, Madhav, Meera, Harinakshiben, Siddharth along with family members and officers from HO Mumbai / Sakarwadi too were present. Customers, bankers, suppliers, retired employees and many other well wishers were present.

Sbri Shivanand Swamiji of Jadisiddeshwar Math, Sunadholi, Sbri Siddu Savadi, MLA Terdal participated. Progressive farmers, wellwishers graced the occasion. Nearby factory owners of Ugar, Prabhulingeshwar and Nirani sugars attended.

Somaiya family members were taken around in Sameerwadi on chariot driven by Elephant and Horses

More than 30,000 Nos of farmers attended the celebrations. In fact the entire idea of this celebration and it's organisation was by the farmers and the employees of Sameerwadi.

Awards

Our Chairman has been awarded as 'Knight of the Order of the Star of Italy' signed by the President of Italy presented by Consul General - Alessandro De Masi

Our CMD Mr. Samir Somaiya has taken over as "President" of Indian Merchant Chamber (IMC) for the main wing and Mrs. Amrita Somaiya as president of the Ladies Wing

Awards

Medal of Honour of the Congress of of the Leaders of the World and Traditional Religions by Republic of Kazakhstan

Lala Shriram Award for Leadership in the Chemical Industry

Awards

"Most Innovative Company of the Year 2022" Award from tefla's Sugar Summit at Agra (Uttar Pradesh). Shri. Suhas Godage - Director (Works) and Mr. Jayesh Samant received the award from Hon'ble Mr. Sanjay Gangwar (Minister, State of Uttar Pradesh) and Ms. Sangeeta Bijlani.

Godavari Biorefineries Ltd., Sakarwadi won the FICCI Chemical and Petrochemical Awards 2023 in the section "Excellence in Corporate Environment Responsibility Award (Chemical Division)". Dr. Sangeeta Srivastava, Executive Director and Shri. Suhas Godage, Director (Works) received the Award from Shri Bhagwanth Khuba, Hon'ble Minister of State, Department of Chemicals and Petrochemicals, Government of India, in the presence of senior officials from the Department of Chemicals and Petrochemicals, Government of India.

Awards

Platinum award for the "Best Sugarcane Development (2021-22)" from SISSTA

Mr. Atul Agrawal is recognised by Bharatiya Sugar with "Best Chief Technical Officer Sugar Mill - Karnataka" for his contribution to the Sugar Industry.

Awards

*Acetaldehyde & Downstream derivatives are manufactured using Bio-ethanol at our Sakarwadi, Maharashtra facility
 ** Future potentials, currently being worked at Pilot scale.

Chairman’s Outlook

Dear Shareholders,

The vaccinations against Covid have now blunted the effects of the Coronavirus and the world is fast returning to its new norms.

However, the war in Europe continues to affect millions of lives and livelihoods. The war has also affected global demand for chemicals. Energy prices (in our case coal) remain elevated although they have now started gradually coming down.

Sugar and Ethanol

The Government of India is continuing its push for the production of ethanol for fuel blending using sugarcane juice or B Heavy molasses. The Government of India is strongly encouraging and monitoring the programme to have 20% blending by 2025. This policy meets three goals:

1. It supplements energy security.
2. Addresses climate change
3. Ensures stability in farmer incomes

For this to be a success, the Government needs to see that there is ethanol capacity, logistics, and automobiles that are E20 ready. In fact, automakers in India represented by the Society of India Automobile Manufacturers (SIAM) have told the Indian Sugar Mills Association (ISMA) that Indian automakers have started making E20 ready cars since April 2023 and are further targeting the manufacture of flex fuel vehicles by April 2024. In this past year, at the Autocar show in New Delhi, there was an entire pavilion on ethanol and many cars presented their cars that would be ready for ethanol blended fuel.

In the year gone by, India exported over 6 million tons of sugar. The Government therefore last year did not issue an additional quota for sugar exports. In view of El Nino, there is some concern about sugar production. and currently, export of locally produced sugar from cane from the country is banned. We understand that the Government is going to assure itself that there is enough sugarcane in the country to meet local demand for sugar and ethanol, and only then allow exports.

We have successfully commissioned the expansion in crushing capacity at Sameerwadi from 15,000 tcd to more than 19,000 tcd. In fact, we even achieved a peak capacity of 20,000 tons in a day.

We also completed our expansion of our ethanol facility to 600,000 lpd. We diverted over 40% of our sugar in cane to ethanol. The picture above is a photograph of our facility.

Making More Ethanol

We have continuously increased the ethyl alcohol we make at Sameerwadi. This past season, we ended the financial year by producing more than a 100 million litres of ethyl alcohol (the highest in our history). Our ethanol expansion will help create the ethanol that will feed into the ethanol blending programme. The graph below shows the increase in our production over the past 6 years.

Since we want to increase the capacity utilisation of the ethanol facility in the off-season, we had applied for and received permission to make 200,000 lpd of ethanol from

grain, maize etc. We will now work on implementing this 'bolt-on' capacity.

2G Ethanol, Bio-CNG, and Potash

We have always spoken about a bolt-on model for 2G ethanol. We have done much research on the same. We recently applied to the Government of India under the Prime Minister's JI-VAN Yojana for a grant to demonstrate the same. I am pleased to say that we have been shortlisted for selection under this scheme. We will then need permission to use bagasse as an ethanol feedstock, which we shall also apply for. With these additional feedstocks, we will be able to further increase ethanol production.

The Government is also promoting the use of press mud to make Bio CNG in its effort to be more आत्म निर्भर. We are also exploring this opportunity.

Potash: Your Company plans to implement the production of SOP (Sulphate of Potash) which is a valuable fertiliser to the farmer as it improves the quality and crop yields. SOP is considered a premium-quality potash that makes plants more resilient to drought, frost, insects and even disease. We have been able to extract potash from the waste of the incinerator boiler. A successful commissioning of the same will result in a circular economy in Potash. Farm, process, extract, recycle and so on.

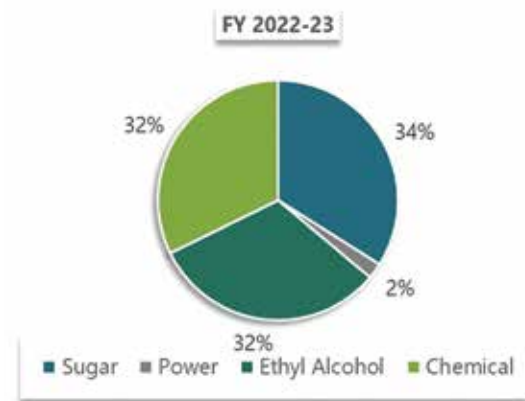

Cogeneration of Power

The Government of India has announced a target of having 50% of its energy from renewable resources by FY 2030. The environment for renewable sources of energy keeps improving.

The KERC has given its order in response to our complaint that the ESCOMs were not making the differential payments. The KERC has ruled in our favour for the differential payments. We have contracts with ESCOMs that owe us money. I am also pleased that BESCO, who owes us the most, has paid us their principal outstanding. We have written to the others to pay us our dues as per our agreement and the Judgment.

We are exploring the installation of an additional incinerator boiler. This will help us debottleneck ethanol capacity, reduce coal consumption and also increase the generation of renewable power.

Chemicals

Chemicals are a large portion of our product mix about one third of our business and are a growth opportunity. We have identified new specialty chemicals to make and/or expand. Our strategy is to add value to our feedstock, and its related biomass. To convert biomass into value added products, chemically, physically or biologically.

As a result of our efforts, we continue to make a diversified product mix. The chart below shows the distribution of our business by product in 2022. The ethanol and chemical business now comprise more than 65% of the business and are both sectors that are poised for growth.

We continue to make more value added chemicals from renewable resources. The world is looking at renewable and sustainable ways of making products. Climate change needs to be combated. Godavari Biorefineries has been a pioneer in the use of Sustainable and Renewable Resources to produce chemicals. Our close cooperation with many of the large companies to develop and produce products for

them is helping us sustain and grow our pipeline for new products. Customers have expressed renewed and strong interest in sourcing products that are renewable, sustainable, and adhering to the 'green chemistry' principles.

We are continuing our dialogue with them. Customers globally are demanding more sustainable and renewable products with a lower carbon footprint. In turn, companies are taking a fresh look at their supply chains to adapt to this new reality and mitigate climate change. This past year, I am pleased to say that the company has obtained various environmental clearances to make a variety of chemicals from ethanol. These clearances have been obtained for both sites, Sakarwadi and Sameerwadi. These clearances will help us to continue on in our journey of creating a world class cascading biorefinery and make chemicals that these customers need. I am pleased to say that we have already started selling some of these new chemicals to our customers overseas. This business is poised for growth.

While the above is a structural change in the world markets, in the immediate short term, the war in Europe is affecting the demand for some of our chemicals. These have faced a reduction in sales (quantity and price). While we continue to engage with our international customers to be able to restore demand, we are also introducing new chemicals or expanding capacity of existing chemicals. This is helping to partly offset the challenges being faced by the reduction in business from the chemicals mentioned earlier.

We have received the part Consent to Operate (CTO) in Maharashtra so that we can make more chemicals. With these permissions, we expect business to increase with the sale of chemicals (these include enhancement of capacity and new products). With these permissions, we expanded the Crotonaldehyde capacity. This will serve us well, since the market for Crotonaldehyde will expand in response to its use as a denaturant for the ethanol blending programme. We have also launched Bio-Butanol as a new chemical. In the next few months we will be launching more new chemicals.

We have also commissioned a new Boiler and Turbine at Sakarwadi. With the implementation of the same, we are now having better efficiencies in the coal to steam ratio and simultaneously, our power purchases from the grid are substantially reduced. This is helping us improve our competitiveness.

Bagasse Use and Valorisation

We use bagasse as a feedstock to generate surplus power to feed to the grid. If we get chosen for the 2G grant under the CHT programme, we will also be able to use bagasse as a feedstock to make ethanol.

To combat higher energy and feedstock prices, we are further integrating our sites at Sakarwadi and Sameerwadi. Some of our boilers at Sakarwadi are being retrofitted to be able to take bagasse as a feedstock and we are working to convert loose bagasse at Sameerwadi into pellets. This will help us use our surplus bagasse at Sameerwadi as a fuel source at Sakarwadi. Once we start valorising bagasse, we can in phases make speciality chemicals from the same.

Tableware

We have also installed a pilot to make tableware from bagasse and explore the market.

Foods

Plant Protein

Climate change is pushing the world towards more plant based protein. Secondly, India is short of legumes. These two factors are making us look at intercropping cane with legumes to meet these twin needs.

Jivana

Our Jivana brand is doing well, with the business under the brand having doubled over the past few months.

Drug Discovery

Oncology

Very few Indian companies have been able to take a molecule from discovery through preclinical trials to now clinical trials. Our Cancer biology molecules have been approved for clinical trials for safety in India. Our Clinical trials for Triple Negative Cancer (TNBC) for safety have commenced. This is a major milestone.

Research shows that there are more than 1000 Pharma deals every year. Of course, deals are selective, so the thousand that happen are from a selection set of very many. Oncology remains one of the larger areas in these deals. Deals sizes are better with Big Pharma and that values improve as we go through the phase of development. The challenge will be to become visible to the deal scouts from big pharma and to assess whether what we have done is attractive to them.

Pharma companies would prefer to further have:

1. The results of the clinical trials (safety and efficacy).
2. The mechanism of action.

Anti-virus

One of our molecules has also shown promise for use as an antiviral. Efforts to have molecules that effectively counter a virus especially in the context of the recent pandemic are being encouraged the world over. We have received a grant from the Government of India for the safety trials in the clinic for our molecule for the same.

ESG Report

Since inception, we have prioritised sustainability in our business practices, and over the years, through our efforts in environmental sustainability, we have established ourselves as a globally recognised, responsible Company.

The Sustainability performance for your Company for the Financial Year 2022-23 will be elaborated in detail in the report which is under

preparation and will be ready for release shortly.

Awards and Recognition

I am delighted to say that your company has been awarded the major following awards:

FICCI

Corporate Environment Responsibility Award for Chemicals

Bharatiya Sugar

Mr. Atul Agrawal is recognised by Bharatiya Sugar with “**Best Chief Technical Officer Sugar Mill - Karnataka**” for his contribution to the Sugar Industry. The award function was scheduled on 7th Sept 2022 in Pune

South Indian Sugar Technologists Association:

Based on our inputs provided to SISSTA regarding our cane development activities undertaken, company was awarded with Platinum award for the “**Best Sugarcane Development (2021-22)**”

In addition, 3 companies and their chairpersons were awarded for their work in the sugar sector, technology and service to society. We were one of the three companies chosen for this award.

Indian Institute of Chemical Engineers

I was awarded the **Lala Shriram Award for Leadership in the Chemical Industry** (in December 2022)

Republic of Italy

I was awarded the **Knight of the Order of The Star of Italy**

Republic of Kazakhstan

I was awarded the **Medal of Honour of the Congress of the Leaders of the World and Traditional Religions.**

In July 2023, I was also elected to be the **President of the Indian Merchants' Chamber of Commerce and Industry.**

I am pleased to inform you that I was invited to speak at:

1. In November 2022, at The Plenary Session of the conference on Alternative Fuels and Chemicals in Washington DC.
2. In November 2022, at the ISO Conference in London on Decarbonisation - Eating the Sugar Surplus. I was invited to share the dais with Raizen. One of the world leaders in cellulosic ethanol.

I was invited by the ISMA to be the Chair of the Green Energy Committee.

Our Executive Director, Dr. Sangeeta Srivastava has been invited by ASSOCHAM to continue being the Chairperson for the Task Force on Alternative Fuels for 2023.

Soil Health, the Farm, and the Farmer

We continue to work closely with the farmer. We are inextricably linked together. Our aim is to see that the farmer and the farm are healthy. To do this, we continue to work on introducing drip irrigation, intercropping, soil testing, subsequent supply of quality inputs, supply of tissue culture plantlets, and agronomic practices for achieving high yield. We collaborate with KIAAR, K J Somaiya Institute of Applied Agriculture Research, to demonstrate new techniques that would improve productivity, optimise resource use, and maintain soil fertility. Our experiments on using older and traditional techniques and modern science with KIAAR have shown good results.

Soil health has been deteriorating the world over. We have started a major effort in collaboration with Somaiya Vidyavihar University, KIAAR and Michigan State University to work on improving soil health and soil carbon in our area of operation.

In closing, these are tough times. There is much geopolitical uncertainty in the world. International markets are difficult. Climate change is forcing companies to change and alter their purchasing habits and their carbon footprint. In India the Government is continuing to create a welcoming environment for renewable energy. We are working to continue to transition and grow our business in these interesting times.

Samir Somaiya

Chairman and Managing Director

(2022-23)

Board's Report

Boards' Report

Dear Shareholders,

Your Directors have pleasure in presenting the Sixty Eighth (68th) Annual Report on the business and operations of the Company and the audited financial statements for the year ended 31st March, 2023.

FINANCIAL PERFORMANCE:

The financial results for the year ended 31st March, 2023 and the corresponding figures for the last year are as follows:

₹ in Lakhs

Particulars	Standalone		Consolidated	
	2022-2023	2021-2022	2022-2023	2021-2022
Revenue from Operations	2,00,028	1,69,080	2,01,469	1,70,233
Profit / (Loss) before Depreciation, Interest and Tax	14,556	13,665	15,413	14,102
Finance costs	7,253	6,003	7,279	6,044
Profit / (Loss) after Interest but before Depreciation and Tax	7,303	7,662	8,134	8,058
Depreciation & Amortization	4,958	4,750	5,008	4,803
Profit / (Loss) Before Tax	2,345	2,912	3,126	3,255
Taxes (Income)/Expense	1,145	1,279	1,199	1,309
Profit / (Loss) After Tax (before Other Comprehensive Income)	1,200	1,633	1,927	1,946

STANDALONE DIVISION WISE SALES TURNOVER:

₹ in Lakhs

DIVISIONS	2022-2023	2021-2022
Sugar	67,978	52,037
Cogeneration	4,285	3,632
Chemicals	64,579	64,350
Distillery	63,186	49,061
Total	2,00,028	1,69,080

REVIEW OF OPERATIONS

On a Standalone basis, your Company has achieved sales turnover of ₹ 2,00,028 Lakhs for the financial year 2022-23 as compared to the turnover of ₹ 1,69,080 Lakhs in the previous year, an increase of 18% over the previous year. On a consolidated basis, the turnover in the current year was ₹ 201,469 Lakhs.

On a Standalone basis, your company has reported profit after tax of ₹ 1,200 Lakhs as against the profit of ₹ 1,633 Lakhs (As per IND AS) in the previous financial year 2021-22. On a Consolidated basis, the profit was ₹ 1,927 Lakhs for the current year as against the profit of ₹ 1,946 Lakhs in the previous year.

TRANSFER TO RESERVES:

During the financial year under review, your Directors do not recommend transfer of any amount to the general reserve of the Company.

DIVIDEND:

To strengthen the financial position of the Company and to augment the working capital, your Directors do not recommend any dividend to the shareholders for the financial year ended 31st March, 2023.

DIRECTORS' RESPONSIBILITY STATEMENT

Your Directors' state that:

- In the preparation of the annual accounts for the year ended 31st March, 2023 the applicable accounting standards have been followed with no material departures;
- they have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2023 and of the profit of the company for that period;
- they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions

Boards' Report

of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

- d) they have prepared the annual financial statements on a "Going Concern" basis;
- e) Proper internal financial controls were in place and the financial controls were adequate and were operating effectively.
- f) The directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

INDIAN SUGAR INDUSTRY OUTLOOK

Sugar Season (SS) 2022-23 (October -September) started with an All India Opening stock of 56 Lakh MT as on 1st October 2022. Production during SS 2021-22 is expected to be 328 Lakh MT. This sugar production is approximately 27 Lakh MT less than the previous sugar season of 2021-22. The sugar diverted for the ethanol blending program is over and above this sugar availability.

Domestic sugar consumption is expected to be 275 Lakh MT and sugar exports 61 Lakh MT. Thus, the expected sugar stock as of September 2023 would be about 48 Lakh MT.

Indian Sugar Production, Supply and Distribution (Figure in Lakh MT)

(In Lakh tons)

Sugar Balance Sheet for Sugar Season	2022- 23 (E)	2021-22
Opening stock as on 1st October	56	82
Production during the season	328	355
Imports	0	0
Total Availability	384	437
Off-take for		
i) Internal Consumption	275	270
ii) Exports	61	111
Total off-take	336	381
Closing stock as on 30th September	48	56

Source: Indian Sugar Mills Association (ISMA) (E) - Estimated

Closing sugar stock as % of off-take is estimated to be at about 14.28 %.

In the year gone by, India exported over 6 million tons of sugar. In view of El Nino, there is some concern about sugar production and currently, export of sugar from the country is not permitted. We understand that the Government is going to assure itself that there is enough sugarcane in the country to meet local demand for sugar and ethanol, and only then allow exports.

Policy Initiatives by Government of India for Sugar and Ethanol

The Government of India is continuing its push for the production of ethanol for fuel blending using sugarcane juice or B Heavy molasses. The Government of India is strongly encouraging and monitoring the program. The Government is further targeting to have 20% blending by 2025. This policy meets three goals:

1. It supplements energy security.
2. Addresses climate change
3. Ensures stability in farmer incomes

These measures have helped the Indian sugar industry to reduce the financial stress caused by high sugarcane price.

India is anticipated to retain its position as the largest consumer and one of the largest producers of sugar in the world. It has exported a sufficient part of produced sugar in Season 2022-23, therefore now the GOI has temporarily put a stop on further export to keep the reserve of sugar at sustainable level. India's total exports in the 2022-23 season was estimated at 61 lakh tons compared to 111 lakh tons in the previous year. The Government's role in sugarcane pricing to safeguard farmer and miller interests as well as fixing the minimum domestic sugar prices catalyzed sectoral development.

All India Sugar production from 1st Oct' till 31st May, 2023 reached 322.40 lakhs tons, i.e. 8.37% decrease from 351.85 lakhs tons produced last year in the same period.

Boards' Report

Karnataka's sugarcane crushing marginally increased to 599 lakh MT in 2022-23 SS compared to 598 lakh MT in 2021-22 SS till 15th May from the start of season. In the State of Karnataka, 55.02 Lakhs tons of sugar have been produced in the state, which is around 5.43% decrease from last year of 58.18 Lakhs MT in the same period.

The Company has met its sugar export obligation of 27,967 MT before the deadline of 31-05-2023 stipulated by the Government of India under Export Quota Limit Notification for Season 2022-23.

The company's sugar sales realization per unit continued to be better in view of the wide acceptability of our sugar quality in different market segments including institutional customers, whole-sale trade, retail and Export markets. We are planning to consolidate our position in these markets by adding new customers.

Performance of Sameerwadi Integrated Unit of Sugar, Ethanol / Distillery and Co-generation

Due to the delayed start of the crushing season & lesser cane yields for the sugar cane during the SS of 2022-23, your company crushed 20.96 lakh MT of cane, which is 7.25 %, less than the 2021-22 SS of 22.48 lakh MT. For SS 2022-23 gross recovery was 11.76%, and for SS 2021-22 it was 11.60%.

Your Company has successfully commissioned the expansion in Sugar crushing capacity at Sameerwadi from 15,000 TCD to more than 19,000 TCD and also distillery capacity expansion from 400 KLPD to 600 KLPD.

In view of excess sugar cane availability in the country and to supplement India's energy needs, the Government of India announced a preferential price for ethanol based on sugarcane juice/syrup and B-Heavy molasses to be supplied to Oil Marketing Companies under Ethanol Blending Program. Your company continued to convert part of the sugar in the form of sugarcane syrup and B Heavy molasses into ethanol. This policy helped us convert more than 42% of equivalent sugar into ethanol during SS 2022-23. Your Company was, in fact, one of the very few Indian sugar companies that successfully converted sugarcane syrup into ethanol this season at such a large capacity, your Company is one of the largest suppliers of ethanol (sugar cane syrup to ethanol) to oil marketing companies for blending with petrol.

Apart from reducing net sugar production, it also helped improve the cash flow of the company due to higher monthly sugar sales release orders and immediate sales of ethanol to the OMCs. This policy has helped the Company to reduce sugar inventory as on 31st March 2023. Your Company will continue with this policy in SS 2023-24. We plan to also add grain as a feedstock to supplement the Company's ethanol production to take advantage of the market opportunity created above.

Jivana- Our Retail Brand:

Your Company is selling white refined sugar, brown sugar, jaggery, sugarcane concentrate, salt, and turmeric under the brand name "Jivana". The Company is aligning marketing policies to help the Company become more competitive. Your Company have added new product ranges of Jaggery Powder and Bullets to the retail brand "Jivana" this year. This year, the brand has grown by over 52% in overall revenue compared to last year. The Company is planning to add another range of spices and relaunch Jivana Sea Salt.

DISTILLERY DIVISION:

Sameerwadi Distillery Division manufactures various grades of Ethanol. The distillery serves the requirements of various customers from primarily the fuel ethanol industry. The company also supplies some ethanol to pharmaceuticals, the flavor & fragrance industry and the beverage industry.

The total sales of the distillery division for the year 2022-23 were ₹ 63,186 Lakhs against last year's sale of ₹ 49,061 Lakhs, an increase of 28.80% over the previous year. This increase in sales and production was due to increase in distillery capacity from 400 KLPD to 600 KLPD and a modification of the fermentation process from continuous to fed batch fermentation, by which the alcohol percentage increased from 9.5% to 11.0%. The Company's distillery is one of the few Indian distilleries that successfully converted sugar syrup/ Cane Juice into ethanol and was one of the major suppliers to Oil Marketing Companies for blending with petrol.

COGENERATION/POWER DIVISION:

The Company is exporting power under IEX / bilateral trade, where the payment receipts against power exports are immediate.

Cogeneration division has Generated 1,64,038 Mwh and Exported 70,539 Mwh in the current year as compared to the power Generation of 1,54,782 Mwh and exports of 71,427 Mwh in the previous year.

CHEMICAL DIVISION:

The Chemical division located at Sakarwadi in Maharashtra has recorded sales of ₹ 64,579 Lakhs for the FY 2022-23 against the previous year's net sales of ₹ 64,350 lakhs, i.e. increase in sales turnover of about 0.35% over the previous year. The share of Ethyl Acetate is 49.25%, whereas the share of specialty Chemicals is 50.75%.

We have identified new specialty chemicals to make and/or expand. The strategy is to add value to our feedstock, and its related biomass. To convert biomass into value added products, chemically, physically or biologically.

CANCER BIOLOGY

We have initiated the phase 1 clinical trial testing our anti-cancer molecule in solid tumor patients in December 2022. The first cohort study has been completed, and the bio analysis of samples is in progress. The phase 1 healthy volunteer trial for the molecule has also been initiated in May 2023. Both trials for the safety and tolerability of the drug will be completed by the end of FY 2024. We are also exploring the possibility of out-licensing the molecule with Pharmaceutical companies.

CHANGE IN NATURE OF BUSINESS

There is no change in the nature of the business of the Company during the financial year under review.

DIRECTORS AND KEY MANAGERIAL PERSONNEL

At the 67th Annual General Meeting (AGM) held on 29th July, 2022, the shareholders of the Company approved the following:

1. Appointment of Mr. Suhas Godage as a Whole Time Director designated as Director (Works Sakarwadi) of the Company w.e.f. 8th September, 2021 till 31st March, 2024.
2. Re-appointed Dr. Sangeeta Srivastava who retires by rotation and being eligible, offered herself for re- appointment.

The Board of Directors, upon recommendation of the Nomination and Remuneration Committee, appointed Mr. Manoj Jain as a Company Secretary and Compliance Officer with effect from 20th December, 2022.

Boards' Report

The Board of Directors, upon recommendation of the Nomination and Remuneration Committee, reappointed Dr. Sangeeta Srivastava, Whole- Time Director, designated as Executive Director on the Board of the Company with effect from 1st August, 2023 for the period of three years subject to the approval of members at ensuing annual general meeting. Pursuant to Section 160 of the Companies Act, 2013, and on the basis of recommendation of Nomination and Remuneration Committee, your Directors recommend the reappointment of Dr. Sangeeta Srivastava as a Whole- Time Director, designated as Executive Director on the Board of the Company with effect from 1st August, 2023 for the period of three years. The Board is of the opinion that Dr. Sangeeta Srivastava, possesses requisite qualification, experience, expertise and holds high standards of integrity.

The Board of Directors, upon recommendation of the Nomination and Remuneration Committee, reappointed Prof. Lakshmi Kantam, for a second term of five consecutive years as an Independent Director on the Board of the Company with effect from 26th September, 2023 subject to the approval of members at ensuing annual general meeting. She has given a declaration that she meets the criteria of independence as prescribed in sub section 6 of Section 149 of the Companies Act, 2013 and qualifies for being appointed as Independent Director. The Board is of the opinion that Prof. Lakshmi Kantam continued association would be of immense benefit to the Company and it is desirable to continue to avail his guidance and expertise.

Mr. Hemant Luthra was appointed as an Independent Director for a period of five years, with effect from October 30, 2020 till October 29, 2025. The Company is considering fund raising options through an IPO and consequently listing the Equity Shares on stock exchanges in India subject to approval of members, SEBI (LODR) Regulations, 2015 will be applicable to the Company wherein it has stated that reappointment/ continuance of any Non-Executive Independent Director who has attained the age of 75 years is to be approved by the shareholders. The Board is of the opinion that Mr. Hemant Luthra's continued tenure as a Non- Executive Independent Director, from the day he attains the age of 75 years i.e., 18th April, 2024 till the expiry of his current term would be of immense benefit to the Company and it is desirable to continue to avail his guidance and expertise.

Pursuant to the provisions of Section 152(6) (e) of the Companies Act, 2013 and the Articles of Association of the Company, Mr. Bhalachandra Bakshi (DIN: 03538688) and Mr. Suhas Godage (DIN: 09227610) shall retire by rotation at the ensuing 68th Annual General Meeting of the Company. Mr. Bhalachandra Bakshi and Mr. Suhas Godage have offered themselves for re-appointment.

As on the date of this report the Board of Directors comprises Ten (10) Directors including five (5) Independent Non-Executive Directors, Four (4) Executive Directors and one (1) Non-Executive Director. Independent Directors provide their declarations both at the time of appointment and annually confirming that they meet the criteria of independence as prescribed under Companies Act, 2013. The Company's policy on appointment and remuneration of directors is available under Polices Tab on <https://godavaribiorefineries.com/our-company- investors>

In compliance with the section 203 of the Companies Act, 2013, Mr. Samir S. Somaiya, Chairman & Managing Director, Dr. Sangeeta Srivastava, Executive Director, Mr. Bhalachandra Bakshi, Executive Director, Mr. Suhas Godage, Director (Work-Sakarwadi), Mr. Naresh S. Khetan, Chief Financial Officer, Mr. Manoj Jain, Company Secretary and Compliance Officer and Ms. Swarna S. Gunware, Company Secretary of the Company are Key Managerial Personnel of the Company.

DECLARATION FROM INDEPENDENT DIRECTORS

The Independent Directors have submitted a declaration that each of them meet the criteria of independence as provided in sub section (6) of Section 149 of the Companies Act, 2013 and there has been no change in the circumstances which may affect their status as Independent Director during the year.

The Board is of the opinion that the Independent Directors of the Company possess requisite qualifications, experience and expertise in the field of finance, strategy, auditing, tax, risk advisory, financial services and infrastructure and sugar industry and they hold the highest standards of integrity.

In compliance with the rule 6(1) of the Companies (Appointment and Qualification of Directors) Rules, 2014 all the independent directors have registered themselves with the Indian Institute of Corporate Affairs. Since majority of the independent directors of the Company have served as directors or key managerial personnel in listed companies or in an unlisted public company having a paid-up share capital of ₹10 crore or more for a period not less than 10 years, they are not required to undertake the proficiency test as per rule 6(4) of the Companies (Appointment and Qualification of Directors) Rules, 2014. Rest of Independent Directors have passed their proficiency test successfully.

BOARD EVALUATION

The Board of Directors has carried out an annual evaluation of its own performance, Board Committees and of individual directors. In a separate meeting of independent directors, performance of non-independent directors, performance of the Board as a whole,

Boards' Report

performance of the Committee(s) of the Board and performance of the Chairman was evaluated, taking into account the views of other directors. Performance evaluation of independent directors was done by the entire Board, excluding the independent director being evaluated.

B.J.D Nanabhoy & Co., Cost Accountants as the Cost Auditors of the Company having Firm Registration No. 000011 to conduct the Cost Audit for the financial year 2023-24. The Cost Auditor has given a Certificate to the effect that the appointment, if made, will be within the prescribed limits specified under Section 141 of the Companies Act, 2013. Further the remuneration payable to the cost auditor is placed before the Members for their ratification.

The Cost Audit Report for the financial year March, 2022 did not contain any qualification, reservation, adverse remark or disclaimer and the same has been filed with the Ministry of Corporate Affairs. The Cost Audit Report for the year end March, 2023 shall be filed in due course.

There has been no instance of fraud reported to the Audit Committee or Board of Directors by statutory auditors or secretarial auditor or cost auditor under section 143(12) during the financial year 2022-23.

RISK MANAGEMENT

The Board of Directors is overall responsible for identifying, evaluating and managing all significant risks faced by your Company. The Board has approved a Risk Management Policy, which acts as an overarching statement of intent and establishes the guiding principles by which key risks are managed across the organization. The Board monitors and reviews the implementation of various aspects of the Risk Management Policy through a duly constituted Risk Management Committee (RMC).

Your Company's risk management policies are based on the philosophy of achieving substantial growth while mitigating and managing risks involved.

PREVENTION OF SEXUAL HARASSMENT AT WORKPLACE

Your Company has zero tolerance for sexual harassment at workplace and has adopted a Policy on prevention, prohibition and redressal of sexual harassment at workplace in line with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and the Rules framed thereunder including constitution of the Internal Committee. During the year under review no complaint on sexual harassment was received.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of loans, guarantees and investments by your Company to other bodies corporate or persons are given in notes to the financial statements.

PARTICULARS OF EMPLOYEES

The disclosures in terms of the provisions of section 197 of the Act read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 along with statement showing names and other particulars of the employees drawing remuneration in excess of the limits prescribed under the said rules is annexed to this report as **Annexure V**.

EXTRACT OF ANNUAL RETURN

Pursuant to Section 92(3) of the Act, the Annual Return as on 31st March, 2023 is available on the website of the Company at <https://godavaribiorefineries.com/our-company-investors>

INTERNAL FINANCIAL CONTROLS & ITS ADEQUACY

The Internal Financial Controls with reference to financial statements as designed and implemented by the Company are adequate. Your Company has put in place an adequate system of internal financial control commensurate with its size and nature of business which helps in ensuring the orderly and efficient conduct of its business. These systems provide a reasonable assurance in respect of providing financial and operational information, complying with applicable statutes, safeguarding of assets of the Company, prevention & detection of frauds, accuracy & completeness of accounting records and ensuring compliance with corporate policies. As a means to further strengthen the control environment, during the year, the processes were benchmarked with industry practices to identify the gaps, if any, and remedial measures were taken. During the year under review, no material or serious observation has been received from the Statutory Auditors and the Internal Auditors of the Company on the inefficiency or inadequacy of such controls.

The Audit Committee reviews adherence to internal control systems and internal audit reports.

ACKNOWLEDGEMENTS

The Directors wish to place on record their appreciation for the continued support and cooperation by the Government Authorities, Banks, Financial Institutions, Ministry of Corporate Affairs, Reserve Bank of India and Depositories, Sugarcane Growers, Suppliers, Customers, Investors and finally to all its members for the trust and confidence reposed on the Company.

The Board further wishes to record its sincere appreciation for the significant contributions made by employees at all levels for their competence, dedication and contribution towards to the operations of the Company.

For and on behalf of the Board of Directors

Boards' Report

Corporate Social Responsibility

Godavari Biorefineries Ltd is doing activities for society on founder's philosophy "What we receive gives back multifold".

These activities are carried out mainly in our area of operation in Karnataka and Maharashtra. The Company's CSR activities are focused on different sectors with main emphasis on promotion of education, health, gender equality and empowering women.

Promotion of Education:

Help A Child To Study Project: We started a project called "Help a child to Study" in 2001 through which we are extending scholarships and necessary assistance in the form of laptops, text books, career guidance etc., to the needy and meritorious students. Most of the students provided with scholarship and other benefits are orphans, students with single parents, children of devadasi, children of alcoholic parents, children of daily wage laborers etc. Some of our beneficiaries do part time job with their studies to support family and college fees. Few of our beneficiaries do not even have electricity and live in huts. During the financial year the company has supported with 243 students of different courses including medicine, engineering, graduation, post graduation, diploma etc.

Book Bank:

Help A Child provides more than 1000 text books of 11th and 12th Science, Arts, Commerce and CET books on a returnable basis every year. Once the final exams are over, these books will be returned and again distributed to next batch students.

Laptop distribution:

Help A Child also provides laptops on returnable basis for final year engineering, Management and post graduation students for project work.

Career Counseling:

Workshops on personality development, resume writing, interview skills etc. were organized for final year degree students. These were organized to make the students aware about different job opportunities and courses available after degree as most of the students opt for only a few courses which is resulting in unemployment.

Supports to Somaiya Vidyavihar Schools:

The company supports Kannada, Marathi and English medium rural schools in Maharashtra and Karnataka. These schools operate and provide education in and around the community in which the Company's manufacturing locations are located. There are more than 5000 students in these schools.

Women Empowerment/ Tailoring classes:

When women are empowered, it has a multiplying positive impact on the health and progress of their families and communities. We run tailoring centers in different villages in Bagalkot and Belgaum Districts of Karnataka. Every year around a large group of women in the age group between 15 to 30 learn the art of tailoring and get the opportunity to become self-employed. This allows them to take care of their children while supplementing the family income thus earning a better livelihood for them and their children. 476 women took the benefit of this project during 2022-23.

ANNEXURE – “I”

Disclosure of particulars with respect to conservation of energy, technology absorption and foreign exchange earnings and outgo as required under section 134(3)(m) of Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014.

A. Conservation of energy:**1. Steps taken for conservation of energy:**

The Company has taken various steps towards energy conservation. The Company continues to give high priority to the conservation of energy on an ongoing basis. Some of the important measures taken are:

- Sugar & Distillery Division (Sameerwadi):

Sr. No.	Description of Energy conservation Implemented	Remarks/Result
1	Implementation of VFD motors for Flocculants dosing pumps, Scum stirrer, Scum pumps & Universal vacuum filter drum drive (130 days)	Energy saved 15,912 kWh
2	Implementation of LED lamps in the plant as well as outside of the plant. (130 days)	Energy saved 56,160 kWh in the Season
3	Measures taken for steam saving reduction, configuration changed at evaporator station and installed the many equipment of latest technology (₹ 100 Lakhs invested & ₹ 405 Lakhs saved)	Energy save 9,000 MWh
Cogeneration Division		
4	High power low efficiency bulbs inside the plant replaced by LED lamps. (for 365 days)	Energy saved 40,997 kWh
5	High power low efficiency streetlight bulbs replaced by LED lamps. (for 365 days)	Energy saved 10,403 kWh.
Distillery Division		
6	High power streetlight and Plant Lighting low efficiency bulbs replaced by LED lamps. (for 365 days)	Energy saved 31,536 kWh.

- Chemical Division (Sakarwadi):

Sr. No.	Description of Energy conservation Implemented	Remarks/Result
1	Conventional low efficiency lamps were replaced with energy saving LEDs. (160 watts bulb replaced with 70 watts LED lamp, total no 54 therefore saving 17,800 KWH) (3.20 Lakhs invested)	Energy saved of 17,800 KWH
2	Converting Solar energy by installing solar panels on the roof of the DCS room of MPO Plant.	Energy generated 11,249 kWh/Year.
3	Solar panels installed at the administrative block.	Energy generated 2,621 kWh/Year
4	VFD panel installed for new blower in the in the month of Feb. 2023 (Due to VFD during reduced capacity, we are saving 20kw, 24 h, 250 days approximate) (4.00 Lakhs invested)	Energy generated saving of 1,20,000 kWh. Due to VFD during reduce capacity, we are saving 20kw, 24 h, 250 days approximate

ii) Steps taken by the Company for utilizing alternate sources of energy:

1. The Company produces renewable energy from Bagasse, which is eco-friendly & meets its captive requirement of power from such energy & sells surplus power to state Grid/ bilateral trade agreement.
2. Installation of VFD for Masseccuite pump, Tippler drive at Mill, use of LED for lights, Solar panels, efficient chiller (screw compressor), fermentation technology from continuous/multi continuous type to save steam etc.

iii) Capital Investment on energy conservation equipment: ₹ 109.60 Lakhs**B. Technology Absorption:****i) Efforts made towards technology absorption:**

Your Company is pursuing Research & Development (R&D) activities in the following broad areas:

1. Biomass based bio refining
2. Acetaldehyde chemistry

Boards' Report

3. Fermentation of sugars
4. Polymers
5. Cane
6. Cancer Biology

Specific process developed during the period:

1. The Company has made research on 2G Ethanol and has applied to the Government of India under "Pradhan Mantri JI-VAN Yojana" for the grants to demonstrate production of 2G Ethanol from bagasse as a feedstock to increase ethanol production.
2. Received "BIRAC grant" under Covid Suraksha Scheme "for Phase-I clinical trials of MSP008-22 on healthy volunteers for 2 years.
3. In-vitro screening was successfully done for selected SBGGL(19), LSPGGL(13) & MSP Backup (5) molecules on breast, prostate, cervical, lung, hepatic & glioblastoma cell lines for anticancer & anticancer stem cell activity
4. 9 National phase applications were filed and 3 Patent Applications were granted.

ii) Benefits derived as a result of above R&D:

R&D is involved in developing many new molecules and analogues of its lead molecule that can extend life of cancer patients where current medications are insufficient.

iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year) – NA

iv) Expenditure incurred on Research and Development:

(₹ in Lakhs)

	Year ended	Year ended
	March 31, 2023	March 31, 2022
A) Capital	362.96	35.79
b) Recurring	1,133.39	1,041.00
c) On Capital work in progress	204.28	259.39
Total	1,700.63	1,336.18

C. Foreign Exchange earnings and outgo:

(₹ in Lakhs)

For the year ended	Year ended March 31, 2023	Year ended March 31, 2022
Foreign exchange earned in terms of actual inflows	48,148.16	47,727.09
Foreign exchange outgo in terms of actual outflows	19,175.26	40,757.08

Secretarial Audit Report

For the Financial Year ended on 31st March, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To
The Members -
Godavari Biorefineries Limited
Somaiya Bhavan, 45/47
Mahatma Gandhi Road, Fort
Mumbai – 400 001

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Godavari Biorefineries Limited (“**the Company**”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the period covering the financial year ended on 31st March, 2023 (“**Audit Period**”) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company to the extent applicable for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (“the Act”) and the rules made thereunder;
- (ii) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment;
- (iii) Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above to the extent applicable. Having regard to the compliance system prevailing, on examination of the relevant documents on a test check basis, explanations provided; I further report that the Company has also complied with the laws specifically applicable to the Company. The list of specific laws applicable to the Company are mentioned in Annexure A to this Report.

I report that during the Audit Period; the following Acts, Rules, Regulations etc.were not applicable to the Company.

- (i) The Securities Contracts (Regulation) Act, 1956 and the rules made thereunder;
- (ii) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2014;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.
 - (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
 - (j) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.

Boards' Report

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive, Non-Executive and Independent Directors. The changes in the composition of the Board of Directors that took place during the Audit Period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance; and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

During the Audit Period, all decisions at Board Meetings and Committee Meetings of the Company were carried out unanimously.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the Audit Period the Company had no specific event / action having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

To,
The Members -
Godavari Biorefineries Limited
Somaiya Bhavan, 45/47
Mahatma Gandhi Road, Fort
Mumbai – 400 001

This letter is an integral part of the Secretarial Audit Report of even date for F.Y. 2022-23 submitted to the Godavari Biorefineries Limited ("**the Company**") in pursuance of provisions of section 204(1) of the Companies Act, 2013 and rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

Members of the Company are informed as follow.

1. The compliance of provisions of all laws, rules, regulations, and standards applicable to the Company is the responsibility of the management of the Company. My examination was limited to the verification of records and procedures on test check basis for the purpose of issuing the present Secretarial Audit Report.
2. Maintenance of the secretarial and other records of applicable laws is the responsibility of the management of the Company. My responsibility is to issue Secretarial Audit Report, based on the examination of the relevant records maintained and furnished to us by the Company, along with explanations where so required.
3. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial and other legal records, legal compliance mechanism and corporate conduct. The verification was done on test check basis to ensure that correct facts as reflected in secretarial and other records produced to us. I believe that the processes and practices that I followed, provide a reasonable basis for my opinion for the purpose of issue of the Secretarial Audit Report.
4. I have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
5. Wherever required, I have obtained the management representation about list of applicable laws, compliance of laws, rules and regulations and major events during the audit period.
6. The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Auditors' Report

Independent Auditors' Report

To the Members of Godavari Biorefineries Limited

Report on the audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of **Godavari Biorefineries Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the period then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the period ended on that date.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
1.	<p>Exit from Export Oriented Unit Scheme, Negative Net Foreign Exchange (NFE), Closure of CRA Audit and Reversal of Provision (Refer note 34(iv) of the Standalone Financial Statements)</p> <p>Company's Chemical Unit at Sakarwadi which was operating as an EOU had applied exit from the scheme on 24th May 2021 and had submitted the No Dues Certificate received from Customs Department to Development Commissioner SEEPZ Mumbai on 5th February 2022.</p> <p>For the purpose of issuance of Final Exit order from the EOU scheme following matters were under consideration:</p> <ol style="list-style-type: none"> 1. Submission made by the company against the demand of ₹ 362.56 Lakhs on account of CRA audit. 2. Submissions made by the company detailing the reasons for Negative NFE status of the Company as on the date of application for exit from the scheme. <p>The concerned departments of DGFT, Customs and Offices of Development Commissioner/Joint Commissioner/ Asst. Commissioner SEEPZ considered the submissions made and issued orders as follows:</p> <ol style="list-style-type: none"> 1. Approval for closure of the CRA Audit point for the demand of ₹ 362.56 Lakhs dated December 14, 2022. 2. Order for Final Exit from EOU scheme to the company with out any demand or penalty liability in its order dated January 12, 2023. 	<ol style="list-style-type: none"> 1. Obtained an understanding of the matter from the management. 2. Examined the following: <ol style="list-style-type: none"> a) Approval received from Office of Asst. Development Commissioner SEEPZ Mumbai for closure of CRA Audit dated December 14, 2022. b) Order received from Office of Joint Development Commissioner SEEPZ Mumbai for Final exit from EOU Scheme dated January 12, 2023. c) Legal Undertaking executed on February 5, 2022. d) Previous applications made by the Company and orders of Customs department. e) Accounting entry for reversal of provision. <p>Based on the above procedures performed, we noted that the Management's assessment of accounting reversing the provision of ₹ 210.97 Lakhs during the period under audit is reasonable.</p>

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
	<p>However, as per the Final Exit order, the Company had to execute a Legal Undertaking for exit from EOU scheme for payment of penalties as maybe imposed upon the Company under FT (D & R) Act, 1992. As informed by the Company, the department has considered and taken the Legal Undertaking executed by the Company dated February 5, 2022 for the purpose of completion of exit from EOU Scheme.</p> <p>The Company had on principles of prudence made provision of ₹ 247.23 Lakhs upto 31st March 2023 on account of duties payable on the domestic sales made from the raw material imported. During F.Y 2021-22, the company had received a demand of ₹ 36.26 Lakhs for debonding of goods at the time of application made for exit from EOU Scheme. The Company adjusted the payment of ₹ 36.26 Lakhs against the provision of ₹ 247.23 Lakhs, thereby net balance amount of provision in the books was ₹ 210.97 Lakhs as on March 31, 2023. As the company has not received any demand in the EOU Exit Final Order, the company has now reversed balance provision amount of ₹ 210.97 Lakhs in the current financial year.</p> <p>We have considered this to be a Key Audit Matter since the company has been granted the exit from the EOU scheme subject to the Letter of Undertaking for payment of penalties as maybe imposed upon the Company under FT (D & R) Act, 1992, which cannot be quantified is contingent as of today.</p>	
2.	<p>Long Outstanding dues with ESCOMs under Power Purchase Agreements (PPAs), Recovery of Differential Tariff and Reversal of Provision (Refer note 47 in the Standalone Financial Statement)</p> <p>The Company had entered into PPAs with electricity supply companies (ESCOMS) on January 2, 2017 with a validity of five years completing on January 1, 2022 for supply of power from the bagasse-based co-generation at a tariff determined by Karnataka Electricity Regulatory Commission (KERC).</p> <p>The Company had on the basis of its interpretation terms of PPAs and KERC circulars regarding the tariff had billed the ESCOMs. However, KERC had issued orders and clarifications regarding tariff determination after execution of PPAs based on which the ESCOMs denied payment against the bills raised by the Company.</p> <p>These orders and clarifications issued by KERC were quashed on 23rd April, 2021, by the H'ble Karnataka High Court at Bangalore. Further, the KREC suspended its own proceedings initiated on 19th August, 2021 taking note of writ petition filed on 2nd September, 2021 wherein, the Company had submitted that the proceedings are in contempt of the order dated 23rd April, 2021 as passed by the H'ble Karnataka High Court at Bangalore. One of ESCOM has filed an appeal with the H'ble High Court against the order of the Single Bench dated 23rd April, 2021 which has been dismissed by the Division Bench of the High Court on 24th February, 2022.</p> <p>On March 28, 2023 the KERC passed an order confirming that the ESCOMs have to pay the balance outstanding for the invoices which were under litigation due to differential tariff rate against which energy was delivered, metered and accepted and commercially utilised by the ESCOMs. With reference to this order the Company is now in pursuing the ESCOMs for recovery of the outstanding amount.</p>	<ol style="list-style-type: none"> 1. Obtained an understanding of the matter from the management. 2. Examined the following: <ol style="list-style-type: none"> a) Order of KERC dated March 28, 2023 confirming the claim of the company on ESCOMs for dues on account of differential tariff. b) Previous orders of H'ble Karnataka High Court and KERC. c) Previous clarifications of KERC. d) Accounting entry for reversal of provision. <p>Based on the above procedures performed, we noted that the Management assessment of reversing the provision made during the period under audit is reasonable.</p>

Independent Auditors' Report

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
	<p>On principle of prudence the company had made provision of ₹ 275.53 Lakhs against these old dues. However, as the company has now received the order from the KERC confirming the payment of old dues, the company has reversed the provision of ₹ 275.53 Lakhs.</p> <p>We have considered this to be a Key Audit Matter considering the fact that there is a positive development in the amount receivable from the ESCOMs which were long overdue.</p>	
3.	<p>Booking of IPO expenditure (Refer note 49 in the Standalone Financial Statement)</p> <p>The Company had initiated the procedure of raising funds from primary markets in F.Y 2021-2022 by floating IPO wherein it was required to float the IPO for subscription by November 26, 2022 as per letter issued by SEBI dated November 26, 2021.</p> <p>Total expenditure incurred for the IPO procedure was accounted as deferred revenue expenditure under current assets is follows:</p> <ol style="list-style-type: none"> 1. F.Y 2021-22 ₹ 386.79 Lakhs 2. F.Y 2022-23 ₹ 16.20 Lakhs <p>total amounting to ₹ 402.99 Lakhs. Due to pendency of completion of the IPO, the expenditure was accounted as deferred revenue expenditure.</p> <p>However, the IPO was not floated within the stipulated period and the expenditure incurred has been accounted as revenue expenditure during current financial year under heads Professional Charges, Fees and Stamp Duty, Insurance Premium, Printing & Stationary, Audit Fees and Bank Charges.</p> <p>We have considered this to be a Key Audit Matter considering the fact that due to accounting of the complete deferred revenue expenditure amount as revenue expenditure in current financial year resulting in fall in book profits.</p>	<ol style="list-style-type: none"> 1. Obtained an understanding of the matter from the management. 2. Examined the following: <ol style="list-style-type: none"> a) SEBI letter dated November 26, 2021. b) Accounting entries of the deferred revenue expenditure being accounted as revenue expenditure during the year. <p>Based on the above procedures performed, we noted that the Management's decision of accounting the IPO expenses as revenue expenses in current financial year is reasonable.</p>
4.	<p>Valuation of inventory of Sugar, Distillery and Cogen Division as at the year ended March 31, 2023 (Refer note 2.2(i) and 7 of the Standalone Financial Statements)</p> <p>As per the accounting policy of the Company, inventory of sugar division, distillery and cogen division are valued at the lower of cost and net realisable value ('NRV'). Sugarcane crushing results in production of products and by-products which are sold in market as well as used as inputs in the production in Distillery and Cogen Divisions of the Company. The valuation for all the products and by-products requires use of management's judgements and assumptions. These judgements and assumptions are subject to inherent limitations due to various external factors.</p> <p>We have determined this to be a key audit matter given the complexity in the judgments involved due to different valuation parameters arising out of variability in external factors such as government regulations, availability of sugarcane, sugarcane crushing days, recovery from cane crushing, fluctuating selling price of sugar and non-availability of industry data for cost/NRV of by-products. Further, any change in the management's judgements and assumptions is likely to have significant impact on the valuation of inventories.</p>	<ol style="list-style-type: none"> 1. Obtained an understanding of the matter from the management. 2. Considered the appropriateness of the Company's accounting policies relating to valuation of finished goods and by-products and assessing compliance with the applicable accounting standards. 3. Tested the effectiveness of the Company's controls over calculation of cost of inventories and estimation of corresponding NRV. 4. Based on data used by the Company to arrive at cost and NRV, including minimum selling price and actual selling price during the year end, we assessed the permanence of methods used, relevance and reliability of data and the calculations applied. <p>Based on the above procedures performed, we concluded that management's process for determination of NRV and comparing that with cost of inventories seems reasonable.</p>

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors report, but does not include the financial statements and our auditor's report thereon.
6. Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
7. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Independent Auditors' Report

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

15. As required by the Companies (Auditor's Report) Order, 2020("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 16. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 34 B, i to iii to the Ind AS financial statements;
 - ii) There are no material foreseeable losses arising out of any long-term contracts for which provision is required to be made under any law or accounting standards. The Company has made provision in respect of derivative contracts as required under the applicable law or accounting standard;
 - iii) There were no amounts which required to be transferred by the Company to the Investor Education and Protection Fund.

Independent Auditors' Report

Annexure - A to the Independent Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone IND AS financial statements for the period ended 31st March 2023, we report that:

- (i) (a) (A) The Company has generally maintained proper records showing full particulars, including quantitative details and situation of property plant and equipment.
- (a) (B) The Company has generally maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular programme of physical verification of its property plant and equipment by

which property plant and equipment are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain property plant and equipment were verified during the period under audit and no material discrepancies were noticed on such verification.

- (c) the title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements except as reported below are held in the name of the company: -

Description of item of property	Gross carrying value ₹ in Lakh	Title deeds held in the name of	Whether title deed holder is a promoter, director or relative of promoter / director of employee of promoter / director	Property held since which date	Reason for not being held in the name of the company
Not Applicable.					

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the period.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and inventory lying with third parties, has been physically verified by the management at reasonable intervals during the period under audit. In our opinion, the frequency of such verification is reasonable.
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, from banks or financial institutions on the basis of security of current assets. As per the information and explanations given to us, the Company is submitting quarterly returns or statements with such banks or financial institutions for its Chemical and monthly stock statements for Sugar and Distillery Division. The quarterly returns or statements and stock statements

submitted for its divisions are in agreement with the books of account of the Company.

- (iii) (a) The Company has provided loans in the nature of loans and provided guarantee details of which are as follows:

(A) to Subsidiaries-

Sr. No.	Name of Company	Nature of Relation	Facility	Amount outstanding as on 31 st March 2023 (₹ In Lakhs)
1	Solar Magic Private Limited	Wholly Owned Subsidiary	Loan Given	175.00

(B) to Others- According to the information and explanations given to us and on the basis of our examination of the records of the Company, no loans in the nature of loans or guarantees have been provided for parties other than Subsidiaries.

- (b) The investments made, guarantees provided, and the terms and conditions of all loans and advances in the nature of loans granted and guarantees provided to wholly owned subsidiaries listed in the register maintained under Section 189 of the Act are not, prima facie, prejudicial to the interest of the Company.

Independent Auditors' Report

- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in respect of loans and advances in the nature of loans, there is no schedule of repayment of principal. However, condition for payment of interest has been stipulated and receipts on account of interest are regular.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no amount is overdue.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has granted any loans in the nature of loans either repayable on demand or without specifying any terms or period of repayment details of which are as follows:

Sr. No.	Name of Company	Nature of Relation	Aggregate Amount outstanding as on 31 st March 2023 (₹ In Lakhs)	Percentage thereof to the total loans granted
1	Solar Magic Private Limited	Wholly Owned Subsidiary	175.00	100%

- (iv) The Company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 of the Act. The Company has complied with the provisions of Section 186 of the Act in respect of investments made or loans or guarantee or security provided to the wholly owned subsidiary covered under Section 186.
- (v) In our opinion and according to the information and explanations given to us, the Company has complied with directives issued by Reserve Bank of India and the provision of sections 73 to 76 or any other applicable provisions of the Act and the (Acceptance of Deposits) Rules, 2014 with regard to the deposits accepted from the public. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal.
- (vi) We have broadly reviewed the books of accounts and records maintained by the Company pursuant to the Rules prescribed by the Central Government under sub section (1) of section 148 of the Act and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- (vii) in respect of statutory dues:
- (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, income-tax, sales tax, value added tax, duty of excise, duty of customs, service tax, GST, professional tax, cess and other material statutory dues have been generally regularly deposited during the period under audit by the Company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income tax, sales tax, value added tax, duty of excise, duty of customs, service tax, GST, professional tax, cess and other material statutory dues were in arrears as at 31st March ,2023 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no material statutory dues which have not been deposited with the appropriate authorities on account of any dispute, other than the following dues of duty of excise, service tax, custom duty, income tax and electricity duty:

Name of the Statute	Nature of Dues	Period to which it pertains	Forum Where Dispute is Pending	Amount (Excluding Interest and Penalty) (₹ in Lakhs)
The Central Excise Act, 1944	Excise Duty	2009-2010	Commissioner of Central Excise	130.86
		2008-09, 2009-10, 2010-11, 2014-15, 2015-16	CESTAT	280.62
		2005-06, 2006-2007	Commissioner of State Excise	164.40
		2015-16	Commissioner of Central Excise (Appeals)	152.06
Customs Act, 1962	Customs Duty	2013-14	CESTAT	25.38
Cross Subsidy Surcharges	Cross Subsidy Surcharges	01/05/2013 to 31/10/2016	Company is in the process of filing petition with H'ble High Court of Dharwad	590.95

Independent Auditors' Report

Name of the Statute	Nature of Dues	Period to which it pertains	Forum Where Dispute is Pending	Amount (Excluding Interest and Penalty) (₹ in Lakhs)

Goods & Service Tax	Goods & Service Tax	2022-23	Ahmedabad GST office	1.77

- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no transactions that have been not recorded in the books of account that have been surrendered or disclosed as income during the period under audit in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) (a) According to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender for the period ended on 31st March 2023.
- (b) As per the information, representation and explanations given to us, the Company has not been a declared wilful defaulter by any bank or financial institution or other lender.
- (c) As per the information, representation and explanations given to us, the Company has applied the term loans obtained during the period upto 31st March 2023 for the purpose for which the loans were obtained.
- (d) As per the information, representation and explanations given to us, the Company has not utilised funds raised for short term basis for long term purposes.
- (e) As per the information, representation and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) As per the information, representation and explanations given to us, the Company has not raised loans during the period on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- (x) (a) The Company did not raise any moneys by way of initial public offer or further public offer (including debt instruments) during the period upto 31st March 2023.
- (b) The company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the period upto 31st March 2023, thus compliance for the requirements of section 42 and section 62 of the Companies Act, 2013 are not applicable.
- (xi) (a) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) According to the information and explanations given to us, the Company has not received any whistleblower complaints.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii)(a) to (c) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where

Independent Auditors' Report

applicable. The details of such related party transactions have been disclosed in the financial statements as required under Accounting standard (AS) 18, Related Party Disclosure specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules 2014.

- (xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditors for the period under audit have been considered by us during the course of our audit.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, paragraph 3(xvi)(a) to (d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses for the period ended on 31st March 2023 and in the immediately preceding financial year i.e., F.Y. 2021-2022. Thus, paragraph 3(xvii) of the Order is not applicable.
- (xviii) The Statutory Auditor's of the Company has not resigned during the period ended on 31st March 2023. Thus, paragraph 3(xviii) of the Order is not applicable.
- (xix) on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, no material uncertainty

exists as on the date of the audit report regarding the Company's capabilities of meeting its liabilities as and when they fall due within a period of one year from the balance sheet date.

- (xx) The Company has made expenditure of ₹ 161.64 Lakhs against the required amount of ₹ 55.19 Lakhs for CSR activities during the year and there is no shortfall during the year. The expenditure has been made on education and healthcare activities during the year. The expenditure of ₹ 158.40 Lakhs has been made with related parties. As the company has made expenditure in excess of the required amount, there is no requirement for the company to make a transfer of any unspent amount to a special account in compliance relevant provisions of section 135 of Companies Act, 2013.
- (xxi) The Companies (Auditor's Report) Order (CARO) is not applicable to the companies that have been included in the consolidated financial statements. Thus, paragraph 3(xxi) of the Order is not applicable.

Annexure B

to the Independent Auditor's Report of even date on the standalone Ind AS Financial Statements of Godavari Biorefineries Limited

Report on the Internal Financial Controls under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act") We have audited the internal financial controls over financial reporting of Godavari Biorefineries Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material

weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with the generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

1 Corporate Information

These statements comprise financial statements of Godavari Biorefineries Limited (referred to as "the Company") (CIN: U67120MH1956PLC009707) for the year ended March 31, 2023. The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its Equity share and Debentures (Bonds) are not listed.

The registered office of the company is located at Somaiya Bhavan, 45/47, Mahatma Gandhi Road, Fort, Mumbai - 400 001.

The Company is principally engaged in the manufacturing of sugar, power generation, chemicals / Bio Chemicals, distillery and other bio products.

The financial statements were approved by the Board of Directors and authorised for issue on

2 Significant Accounting Policies

2.1 Basis of preparation

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and the relevant provisions of the Companies Act, 2013 ("the Act").

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative financial instruments,
- Certain financial assets and liabilities measured at fair value or at amortised cost depending on the classification (refer accounting policy regarding financial instruments),
- Employee defined benefit assets/(obligations) are recognised as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligations

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Summary of significant accounting policies

(a) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Freehold land are stated at cost. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from its previously assessed standard of performance. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Borrowing costs directly attributable to acquisition of property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the income statement when the Property, plant and equipment is de-recognized.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized to the extent to which the expenditure is indirectly related to construction or is incidental thereto.

Costs of assets not ready for use at the balance sheet date are disclosed under capital work- in- progress.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on straight line method using the useful lives estimated by the management. If the management's estimate of the useful life of a item of property, plant and equipment at the time of acquisition or the remaining useful life on a

subsequent review is shorter and or longer than the envisaged in the aforesaid schedule, depreciation is provided at a higher/ lower rate, as the case may be based on the management's estimate of the useful life/ remaining useful life.

The Property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the company will obtain ownership at the end of the lease term.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. The residual values are not more than 5% of the original cost of the asset.

(b) Intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and accumulated impairment loss.

Subsequent expenditure is capitalized only when it increases the future economic benefits from the specific asset to which it relates. An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss.

Amortisation methods and periods

Intangible assets comprising of patents are amortized on a straight line basis over the useful life of five years which is estimated by the management.

The estimated useful lives of intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern, if any.

(c) Research and development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss in the year it is incurred, unless a product's technological feasibility including commercial market has been established or estimated, in which case such expenditure is capitalised/ capital work in progress. These costs are charged to the respective heads in the Statement of Profit and Loss in the year it is incurred. The Property plant and equipment utilised for research and development are capitalised and depreciated in accordance with the policies stated for Property, plant and equipment and Intangible Assets.

(d) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(e) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is entity's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in statement of profit or loss.

(f) Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

(i) Amortised Cost

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Fair Value through other comprehensive income

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Fair Value through Profit or Loss

A financial asset shall be classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

(i) Financial Liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

(ii) Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Equity investment in subsidiaries and associates

Investment in subsidiaries and associates are carried at cost. Impairment recognized, if any, is reduced from the carrying value.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

(g) Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

(h) Taxes**(i) Current income tax**

Current and previous year income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date. The Company has elected to exercise the option permitted under section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019 W.E.F Accounting period 2021-2022

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income (OCI) or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

(ii) Deferred tax

Deferred income tax is recognized using the balance sheet approach, deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(iii) Minimum Alternate Tax (MAT)

For the Financial Year 2021-22 and for subsequent period, the Company has after evaluation, decided to adopt the option permitted under section 115BAA of Income Tax Act, 1961 (as introduced by the Taxation Laws (Amendment) Ordinance 2019) of the lower effective corporate tax rate of 25.17% (including surcharge and cess) instead of the earlier rate of 31.20% (including surcharge and cess).

As per section 115BAA there is no 'MAT Credit Entitlement' and the accordingly MAT credit available period upto March 21 has been forgone in financial year 2021.22.

MAT upto 31st March 2021 was charged to the statement of profit and loss as current tax as applicable. The Company recognised MAT credit available in the statement of profit and loss as deferred tax with a corresponding asset only to the extent that there is probability that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The said asset was shown as 'MAT Credit Entitlement' under Deferred Tax. and written down the asset to the extent the Company does not have probable certainty that it will pay normal tax during the specified period.

(i) Inventories:

Raw Materials are valued at lower of moving average cost or net realisable value.

Stores and Spares are valued at moving average cost.

Work-in-Progress stocks is converted into equivalent units of finished stocks. Work-in-Progress valued at lower of cost or net realisable value.

Finished stocks are valued at cost or net realisable value whichever is lower.

Bagasse, Molasses (Including B Heavy Molasses) and **waste/scrap** generated in the production process are valued at net realisable value.

The valuation of inventories includes taxes, duties of non refundable nature and direct expenses and other direct cost attributable to the cost of inventory, net of excise duty/ Goods and Service tax/countervailing duty / education cess and value added tax.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realizable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

(j) Revenue recognition

Revenue from contracts with customers is recognized when control or substantial risks and rewards of ownership of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

The Company collects taxes such as GST, sales tax/value added tax, service tax, etc on behalf of the Government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from the aforesaid revenue/income.

The following specific recognition criteria must also be met before revenue is recognized:

(i) Sale of goods

Revenue from sale of manufactured and traded goods is recognised when the control or substantial risks and rewards of ownership are transferred to the buyer under the terms of the contract.

Power sales are accounted as per the rate mentioned in Contracts entered with state governments and other entities.

(ii) Interest income

Interest income, including income arising from other financial instruments measured at amortized cost, is recognized using the effective interest rate method.

(iii) Dividend income

Dividends are recognised when right to receive is established.

(iv) Other income

Export benefits are accounted on the basis of completion of Export Obligation, which are to be received with a reasonable certainty.

(k) Employee Benefit Obligations:**(i) Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

Other long-term employee benefit comprises of leave encashment towards unavailed leave and compensated absences, these are recognized based on the present value of defined obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

(iii) Post-employment obligations

The company operates the following post-employment schemes:

- (a) defined benefit plans viz gratuity,
- (b) defined contribution plans viz state governed provident fund scheme and employee pension scheme.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The plan assets are administered by the approved gratuity fund trust.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(l) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

(m) Leases

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

(i) As a lessee

The company recognises a Right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The Right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term. In addition, the Right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the company uses its incremental borrowing rate as the discount rate.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

(ii) As a lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

(n) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

(o) Borrowing Costs:

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate (EIR) applicable to the respective borrowing.

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset till such time as the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised as an expense in the period in which they are incurred.

(p) Segment Reporting - Identification of Segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

(q) Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(r) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

(s) Current/non current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The company classifies all other liabilities as non-current.

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

(t) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakh as per the requirement of Schedule III, unless otherwise stated.

3 Significant accounting judgments, estimates and assumptions

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Critical Estimates and Judgments

(i) Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgements and assumptions.

(ii) Estimation of net realizable value for inventories

Inventory is stated at the lower of cost and net realizable value (NRV).

NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified.

(iii) Recoverability of trade receivables

In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience except for power receivables.

(iv) Useful lives of property, plant and equipment/intangible assets

The Company reviews the useful life of property, plant and equipment/intangible assets at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(v) Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy for the same has been explained under Note above.

(vi) Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Notes :

i. Borrowing Cost Capitalised

The amount of borrowing cost capitalised during the year ended March 31, 2023 was INR 290.43 Lakhs (March 31, 2022 INR Nil).

ii. Contractual Obligations

Refer to Note 34 A for disclosure of contractual commitments for the acquisition of property, plant and equipment.

iii. Revaluation of Property, Plant and Equipment

The company has elected to measure certain items of property, plant and equipment viz. Land at fair value as on 1st April 2017. Hence at the date of transition to Ind AS, an increase of ₹ 23,727.25 Lakhs was recognised in property, plant and equipment and a Revaluation Reserve of ₹ 23,727.25 Lakhs had been created towards this and transferred to Retained Earnings. However, the Company has earmarked the Revaluation Reserve separately and it is not available for distribution of dividends and bonus. The Valuation was carried out by registered approved valuer.

Total	10,608.02	5,719.03	477.90	381.68	194.00	246.23	17,626.87

In determining the allowance for trade receivables the Company has used practical expedients based on ageing of the customer receivables, over-dues and historical experience of collections from customers. The concentration of risk with respect to trade receivables is reasonably low as most of the customers are long standing and Corporate organisations, though there may be normal delay in collections.

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

33. EMPLOYEE BENEFIT OBLIGATIONS

(₹ in Lakhs)

Particulars	March 31, 2023			March 31, 2022		
	Current	Non Current	Total	Current	Non Current	Total
Leave Encashment	341.88	206.83	548.72	321.07	132.89	453.96
Gratuity	146.04	-	146.04	111.21	-	111.21
Total Employee Benefit Obligation	487.92	206.83	694.76	432.28	132.89	565.17

(i) Leave Encashment

The leave obligations cover the company's liability for sick and earned leave.

The amount of the provision of INR 341.88 Lakhs (March 31, 2022: INR 321.07 Lakhs) is presented as current, since the company does not have an unconditional right to defer settlement for any of these obligations.

(ii) Post Employment obligations

a) Defined benefit plans - Gratuity

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by number of years of service.

The gratuity plan is a **funded plan** and the company makes contributions to recognised funds in India. The company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

The amount recognised in the balance sheet and the movement in the net defined benefit obligation over the period are as follows

(₹ in Lakhs)

Particulars	Present value of obligation	Fair value of plan assets	Net amount

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

The net liability disclosed above relates to funded and unfunded plans are as follows:

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Present value of funded obligations	2,462.75	2,118.36
Fair value of plan assets	2,316.71	2,007.15
Deficit of funded plan	146.04	111.21
Unfunded plans	-	-
Deficit of gratuity plan	146.04	111.21

The major categories of plan assets of the fair value of the total plan assets are as follows :

(₹ in Lakhs)

Particula	March 31, 2023	March 31, 2022
Other Insurance Contracts (LIC of India) (100%)	2316.72	2007.15

The significant actuarial assumptions were as follows:

Particular	March 31, 2023	March 31, 2022
Mortality	IALM (2012-14) Ult.	IALM (2012-14) Ult.
Interest/ Discount Rate	7.29%	7.10%
Rate of Increase in Compensation	4.00%	3.00%
Expected average remaining service	14.22	14.07
Retirement age	60 Years	60 Years
Employee Attrition Rate	"Age: 0 to 45 : 2% Age: 46 to 60 : 1%"	"Upto Age 45: 2% 46 and above: 1%"

A quantitative sensitivity analysis for significant assumption as at March 31, 2023 is shown below:

(₹ in Lakhs)

Assumptions	Discount rate		Salary escalation rate	
	1% increase	1% decrease	1% increase	1% decrease
March 31, 2023				
Impact on defined benefit obligation	-168.22	193.51	190.59	-170.61
% Impact	-6.83%	7.86%	7.74%	-6.93%
March 31, 2022				
Impact on defined benefit obligation	(148.12)	170.73	169.24	(149.41)
% Impact	-6.99%	8.06%	7.99%	-7.05%

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions to the defined benefit plan in future years:

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Expected Outgo First	262.77	258.94
Expected Outgo Second	227.44	138.87
Expected Outgo Third	292.14	193.64
Expected Outgo Fourth	247.48	235.45
Expected Outgo Fifth	155.94	210.45
Expected Outgo Six to Ten years	981.11	776.59
Total expected payments	2,166.87	1,813.95

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

The average duration of the defined benefit plan obligation at the end of the reporting period is 8.19 years (March 31, 2022: 8.31 years)

b) Defined contribution plans

The company also has defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is INR 438.53 Lakhs (March 31, 2022: INR 410.77 Lakhs)

34. COMMITMENTS AND CONTINGENCIES

A. Commitments

Capital Commitments

Capital expenditure contracted for at the end of the reporting period but not recognised as liabilities is as follows:

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Property, plant and equipment	555.38	10,781.67

B. Contingent Liabilities

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Custom Duty , Excise duty, Service Tax, Electricity Duty and Income tax (Excluding Interest and Penalty)	12,998.11	2,647.30
Bank Guarantees	177.12	770.76
Corporate Guarantee to Karnataka Bank	-	650.00

i. Council of Scientific & Industrial Research (CSIR)

The Company has taken financial assistance from the Council of Scientific & Industrial Research (CSIR) of ₹ 485 Lakhs to develop technology for manufacture of Polymer grade Lactic Acid. Before start of the project, assurance was given about the successful bench scale development and scalability of the process/technology by CSIR.

The project was not successful, and National Chemical Laboratory (NCL) / CSIR could not demonstrate the technology to make polymer grade Lactic Acid and the same was accepted by NCL and also a third party engineering firm appointed by CSIR.

CSIR has demanded the financial assistance back. Subsequently, CSIR had filed an Application for appointing Arbitrator before the Delhi High Court for initiating Arbitration process and the Company's response was that the same is time barred however the court has passed the judgement appointing Arbitrators. Thereafter the company has filed Special Leave Petition (SLP) in the Supreme Court. Supreme Court admitting SLP stayed Order of the Delhi High Court on condition of deposit of INR 100 Lakhs and the company have deposited INR 100 Lakhs during the Financial year 2019-2020. On 26th November 2021 Special Leave Petition was dismissed and by subsequent Order dated 17th December 2021 Company may apply to Arbitrator for refund of deposit. Till then it will be invested in Fixed Deposit of nationalised banks.

The company has received communication from CSIR, inviting comments for referring to the Arbitration. The Company has replied that it will prefer to have the arbitration by a sole arbitrator to be appointed mutually or by the Delhi International Arbitration Centre. Now, CSIR has to communicate to the company, the name of the proposed arbitrator for company's consent.

ii National Green Tribunal

Hon'ble National Green Tribunal (NGT) has permitted, Prof C. R. Babu, Professor Emeritus, Centre for Environment Management of Degraded Ecosystems (CEMDE), University of Delhi, for Bioremediation of contaminated soil and surface and subsurface water bodies at Sakarwadi. The Chairman of Central Pollution Control Board (CPCB) had reviewed the progress made in the project and has acknowledged the progress made till date.

The Company was directed by Hon'ble NGT to complete bioremediation of affected land and water before 31.12.2019. The Company filed an application for the extension of time. The NGT by its Order dated 27.09.2021 has granted extension till 31.12.2023 for completing bioremediation and further directed to CPCB to impose conditions for bioremediation within one month from the date of the order. Thereupon, CPCB vide its letter dated 15.11.2021 has imposed the certain conditions along with ₹ 50 lakh Bank Guarantee, which the company has complied with.

III. Sale of Extra Neutral Alcohol (ENA) to Bottling Plant

During F.Y 21-22 the company received notice from the office of Asst Commissioner of Central Tax (GST) Bijapur, towards GST not paid for ENA supply for the period 07/2007 to 03/2021 and Show Cause notice from Joint Commissioner of Central Tax & CX., Belagavi, towards GST not paid for ENA supply for the period 07/2007 to 03/2021. The Company had submitted its responses against both notices and was awaiting for further communication from offices. During the current year the company has received show cause notice from the office Commissioner of Central Tax & CX., Belagavi, with a demand towards GST of ₹ 4684 Lakhs for ENA supply for the period July 2017 to March 2021. Against the show cause notice the Company submitted its response on 26th March 2023 and is awaiting for further communication.

The Company has sold ENA to various customers of IFL (Potable industry) without GST through Karnataka State Beverages Corporation Ltd (KSBCL) since implementation of GST. The Customers have interpreted that GST is not applicable to IFL (potable industry) and customers have volunteered and have given undertaking for reimbursement of any dues that maybe levied by Government on account of GST applicable on account on sale of ENA.

Further Government of Karnataka have clarified on 19/07/2017 that canalisation of ENA to bottling units for manufacture of liquor would be outside the purview of the GST.

The matter was referred to GST Council by Indian Sugar Mills Association in July 2017 and thereafter followed by reminders from time to time however in view of difference of opinion; GST Council has referred the matter to Advocate General of India for his opinion. GST Council is yet to communicate its decision on the matter.

IV. Exit from Export Oriented Unit (EOU), Customs Revenue Audit (CRA) and Negative NFE:

The company had received a demand of ₹ 362 Lakhs from the customs department under CRA audit against which the company made its submissions and detailed workings illustrating that the basis of demand was incorrect. The company got in principal approval from the office of Asst. Development Commissioner SEEPZ Mumbai vide order dated December 14, 2022.

A meeting of Joint Monitoring of Performance of EOUs was held on 25.11.2022 by the Development Commissioner of SEEPZ along with other government departments Viz DGFT, Custom, and EOU Department, wherein the EOU scheme exit application and NFE status of the company were discussed.

The Company received its Final Exit Order from EOU scheme dated January 12, 2023, from the Office of Development Commissioner SEEPZ Mumbai wherein no dues or demands were from the competent authority. However, the Company had to execute a Legal Undertaking for exit from EOU scheme for payment of penalties as may be imposed upon the Company under FT (D & R) Act, 1992.

The competent authority has not intimated any dues or demands till date and the company cannot quantify, if any.

V. Cross Subsidy Surcharges to HESCOM

For captive use of power, there was a demand notice from Assistant Executive Engineer [Electrical] Hubli Electric supply company (HESCOM) Subdivision Mahalingapur, for ₹ 590.95 Lakhs towards Cross Subsidy Surcharges for Imported power from IEX (Indian Energy Exchange) for the period of 2013-2016.

On December 3, 2021, Karnataka Electricity Regulatory commission (KERC) through common Order announced that for cross subsidy charges are payable as per HT2A tariff, whereby the demand of the company Rs 590.95 Lakhs for the company will reduce.

The company is awaiting the revised demand notice from HESCOM. As the liability will reduce, the Company has made provision for ₹ 250 Lakhs. The company is also in the process of filing Writ Petition before the Honorable High Court of Dharwad to reduce the amount substantially or to waive off the cross-subsidy surcharges. We filed on 28.02.2022 in Dharwad high court matter stayed on 07.03.2022. next date of hearing yet to be pronounced.

VI. Custom Duty for import of Denatured Ethyl Alcohol

The company has received a show cause cum demand notice dated 24th June 2021 for payment of 480 Lakhs towards differential custom duty on import (Difference between 5% and 2.5%) of Denatured ethyl alcohol.

In July 2017, GST was introduced with a concessional of 2.5% duty. Accordingly, the company has been paying 2.5% duty instead of 5 %.

In February 2021 budget it is declared that alcohol to be imported @ 5% from date of budget with no clarification for the period GST i.e July 2017 till 2020 for concessional rate of duty. Company has started paying 5% duty from Feb 2021.

The Customs has challenged that 2.5% duty was applicable for excisable goods and the applicable duty is 5 %. Hence the differential of 2.5% is applicable for the period July 2017 to February 2021.

Industry has already appealed to the Central Board of Indirect Taxes and Customs (CBIC), Ministry of Finance, Department of Revenue in November 2020. CBIC has forwarded this matter to Jt Secretary TRU (Tariff Unit). The Company has

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

received a letter dated 21st December 2021 from The Office of the Deputy/Assistant Commissioner of Customs Nashik demanding Bond, as security for 100 % of the Dispute amount (₹ 480 Lacs) and 10% of the dispute amount as Bank Guarantee for taking up the proceeding further. Accordingly, the company has submitted the Bond for 100 % for Dispute amount and Bank Guarantee of ₹ 48.00 Lakhs.

Personal Hearing done on 27.01.2022 & order passed by Dy. Commissioner of Customs, Nashik vide Order No 04/DC/ Customs-Adj/2021-22 dated 28.02.2022 and confirmed the demand of ₹ 480 Lakhs.

The Company filed an appeal before the Commissioner of Customs (Appeal), Nagpur against demand of Rs 480 Lakhs on 22.04.2022. The Company has paid ₹ 36 Lakhs as amount under dispute as required at the time of filing Appeal.

A Personal Hearing scheduled on 14th March 2023 was attended by our consultant Lakshmikumaran & Sridharan all submissions were explained in detail. However, the Commissioner of Customs (Appeal), has disallowed the appeal of the company vide his order dated May 3, 2023. Now the company is in the process of filing an appeal with Customs, Excise, Service Tax Appellate Tribunal (CESTAT).

It is not practicable to estimate the timing of cash flows except Letter of Credits, in respect of matters stated above. Letter of Credits are due within three to six months

C. Financial Guarantees

(₹ in Lakhs)

	628.05	650.96

(vii) Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year end are unsecured and interest free and settlement occurs in cash. The Company has given guarantee/security to the lenders of subsidiary company amounting to ₹ Nil Lakhs (March 31, 2022: ₹ 284.48 Lakhs). For the year ended March 31, 2023, the Company has not recorded any impairment of receivables relating to amount owed by related parties (March 31, 2022: NIL). This assessment is undertaken each financial year through examining the financial position of the related party and market in which the related party operates.

37. SEGMENT REPORTING

A. For management purposes, the Company is organized into following four business units based on the risks and rates of returns of the products offered by these unit as per Ind AS 108 on 'Operating Segment' :

Sugar

Cogeneration (Green Power)

Bio based Chemicals

Distillery

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

No operating segments have been aggregated to form the above reportable operating segment

The Managing Director (MD) monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the standalone financial statements. Also, the Company's financing (including finance costs and finance income) and income taxes are managed on a Group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Derivative financial liabilities	-	-	-	-
Total	117,748.65	123,541.89	117,748.65	123,541.89

The management assessed that the fair value of cash and cash equivalent, trade receivables, security deposits, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair values for loans and non current security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the Fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of non current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

ii. Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measure at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table:

Assets and liabilities measured at fair value - recurring fair value measurement:

(₹ in Lakhs)

Particulars	March 31, 2023			Total	March 31, 2022			Total
	Fair value measurement using				Fair value measurement using			
	Quoted prices in active markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)		Quoted prices in active markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Financial Assets								
Financial Investments at FVTPL								
Investments in Preference Shares	-	-	0.01	0.01	-	-	0.01	0.01
Investments in Equity Shares	-	-	0.03	0.03	-	-	-	-
Derivatives - Foreign Exchange forward contract	-	-	-	-	-	77.19	-	77.19
Total Financial Assets	-	-	0.04	0.04	-	77.19	0.01	77.20
Financial Liabilities								
Derivatives - Foreign Exchange forward contract	-	-	-	-	-	-	-	-

iii. Fair value measurement

Level 1 - Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 - If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3. This is the case for unquoted equity shares.

There have been no transfers among Level 1, Level 2 and Level 3 during the period

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

iv. Valuation technique used to determine fair value

Specific Valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

The fair value of unquoted equity instruments is not significantly different from their carrying value and hence the management has considered their carrying amount as fair value.

39. FINANCIAL RISK MANAGEMENT

The company's activity expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

(A) Credit risk

Credit risk is the risk that the counterparty will not meet its obligations leading to a financial loss. Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables.

i. Credit risk management

To manage the credit risk, Company periodically assesses the financial reliability of customers; taking into account factors such as credit track record in the market and past dealings with the company for extension of credit to Customer. Company monitors the payment track record of the customers, restrict credit limited in SAP, credit rating etc. Concentrations of credit risk are limited as a result of the company's large and diverse customer base. Company has also taken advances and security deposits from its customers / agents, which mitigate the credit risk to an extent. Generally, term deposits are maintained with banks with which company has also availed borrowings.

ii. Provision for expected credit losses - Trade Receivables

The company follows 'simplified approach' for recognition of loss allowance on Trade receivables.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates.

Exposure - Trade Receivables (₹ in Lakhs)

Particulars	Past Due		Total
	Up to 6 Months	More than 6 Months	
As at March 31,2023	20,544.44	677.65	21,222.08
As at March 31,2022	15,625.97	2,000.89	17,626.87

iii. Reconciliation of loss allowance provision - Trade receivables

(₹ in Lakhs)

Particulars	
Loss allowance on March 31, 2020	199.65
Changes in loss allowance	114.73
Loss allowance on March 31, 2021	314.38
Changes in loss allowance	386.71
Loss allowance on March 31,2022	701.09
Changes in loss allowance	(275.54)
Loss allowance on March 31,2023	425.55

iv. Provision for expected credit losses - Other financial assets

The carrying amount of cash and cash equivalents, loans, deposits with banks and financial institutions and other financial assets represents the maximum credit exposure. The maximum exposure to credit risk is ₹ 3,333.78 Lakhs (March 31, 2022: ₹ 4,692.52 Lakhs). The company does not expect credit loss on other financial assets.

(B) Liquidity risk

Liquidity risk is the risk that a company may encounter difficulties in meeting its obligations associated with financial liabilities that are settled by delivering cash or other financial assets. The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

GODAVARI BIOREFINERIES LIMITED

(C) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk such as commodity price risk.

(i) Foreign currency risk

Foreign currency risk arises commercial transactions that recognised assets and liabilities denominated in a currency that is not Company's functional currency (INR). The Company has natural hedge of exports against import and any excess in import if any, is cover by forward contract.

(a) Foreign currency risk exposure

(₹ in Lakhs)

	USD	EURO	GBP	Total
March 31,2023

(b) Foreign currency sensitivity

1% increase or decrease in foreign exchange rates will have the following impact on profit before tax:

(₹ in Lakhs)

Particulars	March 31,2023		March, 2022	
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD	2.09	(2.09)	(57.93)	57.93
EURO	0.50	(0.50)	(0.94)	0.94
GBP	(0.05)	0.05	-	(0.00)
Net Increase/(decrease) in profit or loss	2.54	(2.54)	(58.86)	58.86

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates.

(iii) Inventory price risk

The company is exposed to the movement in price of principal finished product i.e sugar. Prices of the sugar cane is fixed by government. Generally, sugar production is carried out during sugar cane harvesting period from November to April. Sugar is

GODAVARI BIOREFINERIES LIMITED

8	Net Capital Turnover Ratio	200,028.13	4,002.85	169,080.35	5,572.47
9	Net Profit Ratio	1,199.89	200,028.13	1,632.69	169,080.35
10	Return on Capital Employed	9,598.40	98,197.56	8,915.20	86,771.34
11	Return on Investment	214.96	4,805.73	203.84	5,950.18
Reasons for variance of more than 25% in above ratios :					
Sr No.	Particulars	March 31,2023		March 31, 2022	
1	Current ratio	-	-	-	-
2	Debt- Equity Ratio	The ratios deteriorated due to increased term loan repayment during the year and reduction in profit			
3	Debt Service Coverage Ratio	The ratios deteriorated due to lower profit primarily affected due to volatility in chemical input material			
4	Return on Equity Ratio	The ratios deteriorated due to lower profit primarily affected due to volatility in chemical input material			
5	Inventory Turnover Ratio	The ratios improved due to reduction of working capital due to cane diverted for ethanol			
6	Trade Receivable Turnover Ratio	-	-	-	-
7	Trade Payable Turnover Ratio	Increase in Revenue from operation and Increase in Borrowings			
8	Net Capital Turnover Ratio	The ratios deteriorated due to lower profit primarily affected due to volatility in chemical input material			
9	Net Profit Ratio	The ratios deteriorated due to lower profit primarily affected due to volatility in chemical input material			
10	Return on Capital Employed	The ratios deteriorated due to high leverage and lower profitability			
11	Return on Investment	The Ratios improved due to lesser investment in fixed deposit

45. Cenvat credit Tuljabhavani SSSK Ltd, Naldurg

The company had taken the distillery of Tuljabhavani SSSK Ltd at Naldug, Maharashtra on a lease basis for three years upto June-2009. On the expiry of the lease, the company stopped production and surrendered the Central Excise registration certificate for the same. The company had carried forward and applied on March 28, 2012 for a transfer of CENVAT credit of ₹ 117.50 Lakhs lying in balance as on April 30, 2009 from the register of Tuljabhavani SSSK Ltd. to the register of Sakaradi unit of the company. A show cause notice (SCN) was issued to reject the request for a grant of permission to transfer credit lying as an unutilized balance in the CENVAT account.

GODAVARI BIOREFINERIES LIMITED

Notes To Standalone Financial Statements For The Year Ended March 31, 2023

The Assistant Commissioner of Central Excise & Customs, Nanded and rejected the company's submission and confirmed the said SCN.\

Thereafter, The Commissioner of Central Excise and Service Tax, Aurangabad and Hon'ble Customs Excise Service Tax Appellate Tribunal (CESTAT), West Regional Branch, Mumbai have rejected company submissions and appeals.

The company has now filed an appeal before Hon'ble Bombay High Court, Aurangabad Bench on 18.04.2023 and are awaiting the hearing date for the matter.

46. Land at Sameerwadi

The part of the land at sameerwadi which is 7 acres 24 guntas is inamdar land presently it is in the name of Godavari Sugar mills limited (GSML), Godavari Biorefineries Ltd demerged from GSML, The company has made application to regularise the land.

On 4th March 2022 Tahasildar, Rabkavi- Banahatti Dist Bagalkot has passed Order to enter the name of the GSML in the column no 9 of RTC bearing No 251/1 and 25/2 total measuring 7 acres 24 guntas of Saidapur village, taluka Rabkavi Banahatti Dist Bagalkot as per the diary No 2358 dated 15th Oct 1994. Now The Title of the Land has been updated in the name Of Godavari Biorefineries Ltd from 12th Oct 2022

47. Purchase Power Agreement

The Company had filed a writ petition (WP: 4158/2019) to which Karnataka Electricity Regulatory Commission ("KERC") and the Electricity Supply Companies (ESCOMS) were party to the petition. The petition was against a clarification issued by KERC regarding the tariff payable to the Company which was not as per the PPA agreement. Based on the clarification the ESCOMS denied the payment of tariff was computed and billed by the Company. On April 23, 2021, the Hon'ble Bangalore High Court passed an order wherein it quashed the clarification issued by KERC for lower tariff.

KERC vide Order No. OP NO. 54/2016 & 85/2016 dated 28th March 2023 issued directions to the ESCOMs to pay the differential tariffs.

Accordingly, the company communicated to all ESCOMs along with the order copy for the payments. Following up continuously with all the ESCOMs. The company has received ₹ 618.99 Lakhs on 20th June 2023

48. Income Tax Order for Assessment Year 2021-22

Addition of ₹ 13,218.75 Lakh on account of alleged suppressed sale sugar recovery

During the financial year Income Tax scrutiny assessment for assessment year 2021-22 was completed wherein unusually exorbitant addition of ₹ 13,218.75 Lakh was made to the income reported by the company in its income tax return and a demand order of ₹ 5,730.24 Lakh including interest was raised. The addition has been made on the technical grounds that the company's sugar recovery is less than 10%. The assessing officer has not considered many aspects and information applicable and relevant to the company during the assessment.

Furthermore, the assessing officer did not consider the tax credit available to the company and set off of the depreciation losses carried forward from previous years. The company submitted a rectification application to the Assistant Commissioner of Income Tax pointing out the apparent mistakes in the assessment proceedings and got the demand reduced to ₹ 2,753.96 Lakhs and also got a stay on the demand.

The company has filed an Appeal before the Commissioner of Income Tax on 24/01/2023 against the assessment order and also filed a grievance Petition arising out of High Pitch Assessment on 10/03/2023 to the Samadhan Faceless Assessment Unit.

49. Write off of Initial Public Offer (IPO) Expenses

The Company had initiated the procedure of raising funds from primary markets in F.Y 2021-2022 by floating IPO. The Company incurred total expenditure of ₹ 402.99 Lakhs for the procedure which were accounted as deferred revenue expenditure under current assets due to the pendency in completion of IPO procedure. However, the IPO was not launched and the expenditure incurred has been expensed off during current financial year under heads Professional Charges, Fees and Stamp Duty, Insurance Premium, Printing & Stationary, Audit Fees and Bank Charges.

50. e2e materials

The Company had made an investment of ₹ 134.65 Lakhs in a United States of America based company named as e2e Materials, INC. during the period April-2010 to July-2014. However, E2E Materials, INC. was dissolved on March 20, 2018 by the order of competent authority of United States of America. The Company had made a provision against the investment amount during period March-2015 to March-2016, as there was no expected returns or recovery against the investment made. The Company has submitted an application to Union Bank of India for reporting of disinvestment in E2E Materials, INC. due to dissolution on May 16, 2023 and awaiting response or confirmation from Union Bank of India along with applicable fees or demand under the LSF scheme of RBI.

Consolidated Financial Statement

Auditors' Report

Independent Auditors' Report

To the Members of Godavari Biorefineries Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of **Godavari Biorefineries Limited** (hereinafter referred to as the 'Holding Company') and its subsidiaries [(the Holding Company, its subsidiaries (including a step down subsidiary) together referred to as "the Group")] which comprise the consolidated Balance Sheet as at March 31, 2023, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Cash Flows Statement for the period then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records. (Hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, of consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the period then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and joint venture entities in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in subparagraph 15 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors report, but does not include the consolidated financial statements and our auditor's report thereon.

5. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
6. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us (Refer paragraph 15 below), we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
 11. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
 12. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
- ### Other Matters
15. The consolidated Ind AS financial statements include the financial statements of four subsidiaries, whose financial statements reflect total assets of ₹ 42.83 crores as at March 31, 2023, total revenues of ₹ 71.57 crores and net cash inflows amounting to ₹ 12.16 crores for the period ended on that date, as considered in the consolidated Ind AS financial statements, which have not been audited by us.

These financial statements have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the financial statements of four audited subsidiaries of which one is located in India and three are located outside India which have been Audited by other Auditors whose reports have been furnished to us by the management. Out of the four subsidiaries, one of the foreign subsidiaries is not required

to get its accounts audited in country of its operations. However, for the purpose of consolidation of accounts, the Company has got the financial statements audited from an Indian CA firm with base currency of financial statements in USD and these financial statements have been considered for consolidation.

Three subsidiaries are located outside India whose financial statements have been prepared in accordance with accounting principles generally accepted in their respective countries, under generally accepted auditing standards applicable in their respective countries. The Parent's management has converted the financial statements of these subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Parent's management. Our opinion in so far as it relates to the amounts and disclosures included in respect of said subsidiaries located outside India is based on the conversion adjustments prepared by the management of the parent and have been relied upon by us and audited by us.

The comparative financial statements for the period ended March 31, 2023 in respect of four subsidiaries included in this consolidated Ind AS financial statements prepared in accordance with the Ind AS have been furnished to us by the Management and have been relied upon by us.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of above matter with respect to our reliance on the work done and the reports of other Auditors of four subsidiaries furnished to us by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of other Auditors of four subsidiaries furnished to us by the Management as noted in the "Other Matters" paragraph we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and Audited financials with Audit reports of the other Auditors of four subsidiaries submitted by the Management.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, and the Consolidated Cash Flow Statement and Consolidated Statement of Change in Equity dealt with by this report are in agreement with the relevant financial statements adopted and related working

statements maintained for the purpose of preparation of the Consolidated Financial Statements.

- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Parent as on March 31, 2023 taken on record by the Board of Directors of the Parent and of its subsidiary company, incorporated in India, none of the directors of the respective companies, are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls; refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Parent, subsidiary company, incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Parent's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the audited financial statements of four subsidiaries of which one is located in India and three are located outside India which have been Audited by other Auditors whose reports have been furnished to us by the management as noted in the 'Other Matter' paragraph to the extent applicable:
 - i) The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
 - ii) there are no material foreseeable losses arising out of any long-term contracts for which provision is required to be made under any law or accounting standards. The Holding Company has made provision in respect of derivative contracts as required under the applicable law or accounting standard;
 - iii) There were no amounts which required to be transferred by the holding company and subsidiary companies to the Investor Education and Protection Fund.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph "f" under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the period ended March 31, 2023, we have audited the internal financial controls over financial reporting of Godavari Biorefineries Limited (hereinafter referred to as "Parent") and its subsidiary company (hereinafter referred to as the "Group"), which includes internal financial controls over financial reporting of companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Parent, which is a company incorporated in India, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, which is a company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

internal financial controls system over financial reporting of the Parent, its subsidiary company, incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us the Parent, which is a company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note.

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

1 Corporate Information

These statements comprise financial statements of Godavari Biorefineries Limited (CIN: U67120MH1956PLC009707) (the Holding Company) and its subsidiaries (collectively, 'the Company' or 'the Group') for the year ended March 31, 2023. The holding company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its Equity share and debentures (bond) are unlisted.

The registered office of the company is located at Somaiya Bhavan, 45/47, Mahatma Gandhi Road, Fort, Mumbai - 400 001.

The Group is principally engaged in the manufacturing of sugar, power generation, bio-chemicals, distillery and other bio products.

The financial statements were approved by the Board of Directors and authorised for issue on 29th June 2023.

2 Significant Accounting Policies

2.1 Basis of preparation

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and the relevant provisions of the Companies Act, 2013 ("the Act").

The Consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative financial instruments,
- Certain financial assets and liabilities measured at fair value or at amortised cost depending on the classification (refer accounting policy regarding financial instruments),
- Employee defined benefit assets/(obligations) are recognised as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligations.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Summary of significant accounting policies

(a) Principles of consolidation

(i) Subsidiaries

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

Profit or loss and each component of other comprehensive income (the 'OCI') are attributed to the equity holders of the parent of the Group and to the non controlling interests, even if this results in the non controlling interest having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

(ii) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

(iii) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

(iv) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

(b) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Freehold land are stated at cost. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from its previously assessed standard of performance. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Borrowing costs directly attributable to acquisition of property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the income statement when the Property, plant and equipment is de-recognized.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized to the extent to which the expenditure is indirectly related to construction or is incidental thereto.

Costs of assets not ready for use at the balance sheet date are disclosed under capital work- in- progress.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on straight line method using the useful lives estimated by the management. If the management's estimate of the useful life of a item of property, plant and equipment at the time of acquisition or the remaining useful life on a subsequent review is shorter and or longer than the envisaged in the aforesaid schedule, depreciation is provided at a higher/ lower rate, as the case may be based on the management's estimate of the useful life/ remaining useful life.

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the company will obtain ownership at the end of the lease term. Leashold land is amortised on a straight line basis over the balance period of lease.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. The residual values are not more than 5% of the original cost of the asset.

(c) Intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and accumulated impairment loss.

Subsequent expenditure is capitalized only when it increases the future economic benefits from the specific asset to which it relates. An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss.

Amortisation methods and periods

Intangible assets comprising of patents are amortized on a straight line basis over the useful life of five years which is estimated by the management.

The estimated useful lives of intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern, if any.

(d) Research and development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss in the year it is incurred, unless a product's technological feasibility including commercial market has been established, in which case such expenditure is capitalised. These costs are charged to the respective heads in the Statement of Profit and Loss in the year it is incurred. The Property plant and equipment utilised for research and development are capitalised and depreciated in accordance with the policies stated for Property, plant and equipment and Intangible Assets.

(e) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(f) Foreign currency translation**(i) Functional and presentation currency**

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the entities operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in statement of profit or loss. Non monetary assets and liabilities are carried at cost.

(iii) Group companies

The results and financial position of foreign operations that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of that balance sheet
- income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- All resulting exchange differences are recognised in other comprehensive income.

(g) Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

(i) Amortised Cost

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Fair Value through other comprehensive income

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Fair Value through Profit or Loss

A financial asset shall be classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

(i) Financial Liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

(ii) Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Derivative financial instruments

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(h) Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

(i) Taxes**(i) Current income tax**

Current and previous year income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date. The Company has elected to exercise the option permitted under section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019 W.E.F Accounting period 2022-2023

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income (OCI) or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

(ii) Deferred tax

Deferred income tax is recognized using the balance sheet approach, deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(iii) Minimum Alternate Tax (MAT)

MAT upto 31st March 2021 was charged to the statement of profit and loss as current tax as applicable. The Company recognised MAT credit available in the statement of profit and loss as deferred tax with a corresponding asset only to the extent that there is probability that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The said asset was shown as 'MAT Credit Entitlement' under Deferred Tax. and written down the asset to the extent the Company does not have probable certainty that it will pay normal tax during the specified period.

As per section 115BAA their is no 'MAT Credit Entitlement' and the accordingly MAT credit available period upto March 21 has been forgone in financial year 2021.22.

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

(j) Inventories:

Raw Materials are valued at lower of moving average cost or net realisable value.

Stores and Spares are valued at moving average cost.

Work-in-Progress stocks is converted into equivalent units of finished stocks. Work-in-Progress valued at lower of cost or net realisable value.

Finished stocks are valued at cost or net realisable value whichever is lower.

Bagasse, Molasses and waste/scrap generated in the production process are valued at net realisable value.

The valuation of inventories includes taxes, duties of non refundable nature and direct expenses and other direct cost attributable to the cost of inventory, net of excise duty/Goods and Service Tax/ countervailing duty / education cess and value added tax.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realizable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

(k) Revenue recognition

Revenue from contracts with customers is recognized when control or substantial risks and rewards of ownership of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

The Company collects taxes such as GST, sales tax/value added tax, service tax, etc on behalf of the Government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from the aforesaid revenue/income.

Effective April 1, 2018, the company adopted Ind AS 115 "Revenue from Contracts with customers".

The following specific recognition criteria must also be met before revenue is recognized:

(i) Sale of goods

Revenue from sale of manufactured and traded goods is recognised when the control or substantial risks and rewards of ownership are transferred to the buyer under the terms of the contract.

Power sales are accounted as per the rate mentioned in Contracts entered with state governments and other entities.

(ii) Interest income

Interest income, including income arising from other financial instruments measured at amortized cost, is recognized using the effective interest rate method.

(iii) Dividend income

Dividends are recognised when right to receive is established.

(iv) Other income

Export benefits are accounted on the basis of completion of Export Obligation, which are to be received with a reasonable certainty.

(l) Employee Benefit Obligations:

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

Other long-term employee benefit comprises of leave encashment towards unavailed leave and compensated absences,

these are recognized based on the present value of defined obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

(iii) Post-employment obligations

The company operates the following post-employment schemes:

- (a) defined benefit plans viz gratuity,
- (b) defined contribution plans viz state governed provident fund scheme and employee pension scheme.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The plan assets are administered by the approved gratuity fund trust.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(m) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

(n) Leases

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

(i) As a lessee

The company recognises a Right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The Right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term. In addition, the Right-of-use asset is periodically reduced by impairment

losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the company uses its incremental borrowing rate as the discount rate.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

(ii) As a lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

(o) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

(p) Borrowing Costs:

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate (EIR) applicable to the respective borrowing.

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset till such time as the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised as an expense in the period in which they are incurred.

(q) Segment Reporting - Identification of Segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

(r) Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(s) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

(t) Current/non current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

(u) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakh as per the requirement of Schedule III, unless otherwise stated.

3 Significant accounting judgements, estimates and assumptions

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts

of income and expense for the periods presented.

Critical estimates and judgements**(i) Fair value measurement of Financial Instruments**

When the fair values of financial assets and financial liabilities recorded in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgements and assumptions.

(ii) Estimation of net realizable value for inventories

Inventory is stated at the lower of cost and net realizable value (NRV).

NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified."

(iii) Recoverability of trade receivables

In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience except for power receivables.

(iv) Useful lives of property, plant and equipment/intangible assets

The Company reviews the useful life of property, plant and equipment/intangible assets at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(v) Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy for the same has been explained under Note above.

(vi) Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

* Refer Note 35

i. Borrowing Cost Capitalised

The amount of borrowing cost capitalised during the year ended March 31, 2023 was ₹ 330.41 Lakhs (March 31, 2022 ₹ Nil).

ii. Contractual Obligations

Refer to Note 34 for disclosure of contractual commitments for the acquisition of property, plant and equipment.

iii. Revaluation of Property, Plant and Equipment

The company has elected to measure certain items of property, plant and equipment viz. Land at fair value as on 1st April 2017. Hence at the date of transition to Ind AS, an increase of ₹ 23,727.25 Lakhs was recognised in property, plant and equipment and a Revaluation Reserve of ₹ 23,727.25 Lakhs had been created towards this and transferred to Retained Earnings. However, the Company has earmarked the Revaluation Reserve separately and it is not available for distribution of dividends and bonus. The Valuation was carried out by registered approved valuer.

There have been no other transactions involving Equity shares or potential Equity shares between the reporting date and the date of authorisation of these financial statements.

33. EMPLOYEE BENEFIT OBLIGATIONS

(₹ in Lakhs)

Particulars	March 31, 2023			March 31, 2022		
	Current	Non Current	Total	Current	Non Current	Total
Leave Encashment	341.88	206.83	548.71	321.07	132.89	453.96
Gratuity	146.04	-	146.04	111.21	-	111.21
Total Employee Benefit Obligation	487.92	206.83	694.75	432.28	132.89	565.17

(i) Leave Encashment

The leave obligations cover the group's liability for sick and earned leave.

The amount of the provision of ₹ 341.88 Lakhs (March 31, 2021: ₹ 321.07 Lakhs) is presented as current, since the group does not have an unconditional right to defer settlement for any of these obligations.

(ii) Post Employment obligations

a) Defined benefit plans - Gratuity

The group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by number of years of service.

The gratuity plan is a **funded** plan and the group makes contributions to recognised funds in India. The group does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

The amount recognised in the balance sheet and the movement in the net defined benefit obligation over the period are as follows :

(₹ in Lakhs)

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

A quantitative sensitivity analysis for significant assumption as at March 31, 2023 is shown below:

(₹ in Lakhs)

Assumptions	Discount rate		Salary escalation rate	
	1% increase	1% decrease	1% increase	1% decrease
March 31, 2023				
Impact on defined benefit obligation	-168.23	193.50	190.58	-170.62
% Impact	-6.83%	7.86%	7.74%	-6.93%
March 31, 2022				
Impact on defined benefit obligation	(148.13)	170.72	176.00	(171.92)
% Impact	-6.99%	8.06%	8.31%	-8.12%

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions to the defined benefit plan in future years:

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Expected Outgo First	262.77	258.94
Expected Outgo Second	227.44	138.87
Expected Outgo Third	292.14	193.64
Expected Outgo Fourth	247.48	235.45
Expected Outgo Fifth	155.94	210.45
Expected Outgo Six to Ten years	981.11	776.59
Total expected payments	2,166.87	1,813.94

The average duration of the defined benefit plan obligation at the end of the reporting period is 8.19 years (March 31, 2022: 8.31 years)

iii) Defined contribution plans

The company also has defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is ₹ 438.53 Lakhs (March 31, 2022: ₹ 410.77 Lakhs)

34. COMMITMENTS AND CONTINGENCIES

A. Commitments

Capital Commitments

Capital expenditure contracted for at the end of the reporting period but not recognised as liabilities is as follows:

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Property, plant and equipment	555.38	10,781.67

B. Contingent Liabilities

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Custom Duty , Excise duty, Service Tax, Electricity Duty and Income tax (Excluding Interest and Penalty)	12,998.11	2,647.30
Bank Guarantees	177.12	770.76
Corporate Guarantee to Karnataka Bank	-	650.00

I. Council of Scientific & Industrial Research (CSIR)

The Company has taken financial assistance from the Council of Scientific & Industrial Research (CSIR) of ₹ 485 Lakhs to develop technology for manufacture of Polymer grade Lactic Acid. Before start of the project, assurance was given about the successful bench scale development and scalability of the process/technology by CSIR.

The project was not successful, and National Chemical Laboratory (NCL) / CSIR could not demonstrate the technology to make polymer grade Lactic Acid and the same was accepted by NCL and also a third party engineering firm appointed by CSIR.

CSIR has demanded the financial assistance back. Subsequently, CSIR had filed an Application for appointing Arbitrator before the Delhi High Court for initiating Arbitration process and the Company's response was that the same is time barred however the court has passed the judgement appointing Arbitrators. Thereafter the company has filed Special Leave Petition (SLP) in the Supreme Court. Supreme Court admitting SLP stayed Order of the Delhi High Court on condition of deposit of INR 100 Lakhs and the company have deposited INR 100 Lakhs during the Financial year 2019-2020. On 26th November 2021 Special Leave Petition was dismissed and by subsequent Order dated 17th December 2021 Company may apply to Arbitrator for refund of deposit. Till then it will be invested in Fixed Deposit of nationalised banks.

The company has received communication from CSIR, inviting comments for referring to the Arbitration. The Company has replied that it will prefer to have the arbitration by a sole arbitrator to be appointed mutually or by the Delhi International Arbitration Centre. Now, CSIR has to communicate to the company, the name of the proposed arbitrator for company's consent.

II. National Green Tribunal

Hon'ble National Green Tribunal (NGT) has permitted, Prof C. R. Babu, Professor Emeritus, Centre for Environment Management of Degraded Ecosystems (CEMDE), University of Delhi, for Bioremediation of contaminated soil and surface and subsurface water bodies at Sakarwadi. The Chairman of Central Pollution Control Board (CPCB) had reviewed the progress made in the project and has acknowledged the progress made till date.

The Company was directed by Hon'ble NGT to complete bioremediation of affected land and water before 31.12.2019. The Company filed an application for the extension of time. The NGT by its Order dated 27.09.2021 has granted extension till 31.12.2023 for completing bioremediation and further directed to CPCB to impose conditions for bioremediation within one month from the date of the order. Thereupon, CPCB vide its letter dated 15.11.2021 has imposed the certain conditions along with ₹ 50 lakh Bank Guarantee, which the company has complied with.

III. Sale of Extra Neutral Alcohol (ENA) to Bottling Plant

During F.Y 21-22 the company received notice from the office of Asst Commissioner of Central Tax (GST) Bijapur, towards GST not paid for ENA supply for the period 07/2007 to 03/2021 and Show Cause notice from Joint Commissioner of Central Tax & CX., Belagavi, towards GST not paid for ENA supply for the period 07/2007 to 03/2021. The Company had submitted it's responses against both notices and was awaiting for further communication from offices. During the current year the company has received show cause notice from the office Commissioner of Central Tax & CX., Belagavi, with a demand towards GST of ₹ 4684 Lakhs for ENA supply for the period July 2017 to March 2021. Against the show cause notice the Company submitted it's response on 26th March 2023 and is awaiting for further communication.

The Company has sold ENA to various customers of IFL (Potable industry) without GST through Karnataka State Beverages Corporation Ltd (KSBCL) since implementation of GST. The Customers have interpreted that GST is not applicable to IFL (potable industry) and customers have volunteered and have given undertaking for reimbursement of any dues that maybe be levied by Government on account of GST applicable on account on sale of ENA.

Further Government of Karnataka have clarified on 19/07/2017 that canalisation of ENA to bottling units for manufacture of liquor would be outside the purview of the GST.

The matter was referred to GST Council by Indian Sugar Mills Association in July 2017 and thereafter followed by reminders from time to time however in view of difference of opinion; GST Council has referred the matter to Advocate General of India for his opinion. GST Council is yet to communicate its decision on the matter.

IV. Exit from Export Oriented Unit (EOU), Customs Revenue Audit (CRA) and Negative NFE:

The company had received a demand of ₹ 362 Lakhs from the customs department under CRA audit against which the company made it's submissions and detailed workings illustrating that the basis of demand was incorrect. The company got in principal approval from the office of Asst. Development Commissioner SEEPZ Mumbai vide order dated December 14, 2022.

A meeting of Joint Monitoring of Performance of EOUs was held on 25.11.2022 by the Development Commissioner of SEEPZ along with other government departments Viz DGFT, Custom, and EOU Department, wherein the EOU scheme exit application and NFE status of the company were discussed.

The Company received it's Final Exit Order from EOU scheme dated January 12, 2023, from the Office of Development Commissioner SEEPZ Mumbai wherein no dues or demands were from the competent authority. However, the Company had

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

to execute a Legal Undertaking for exit from EOU scheme for payment of penalties as may be imposed upon the Company under FT (D & R) Act, 1992.

The competent authority has not intimated any dues or demands till date and the company cannot quantify, if any.

V. Cross Subsidy Surcharges to HESCOM

For captive use of power, there was a demand notice from Assistant Executive Engineer [Electrical] Hubli Electric supply company (HESCOM) Subdivision Mahalingapur, for ₹ 590.95 Lakhs towards Cross Subsidy Surcharges for Imported power from IEX (Indian Energy Exchange) for the period of 2013-2016.

On December 3, 2021, Karnataka Electricity Regulatory commission (KERC) through common Order announced that for cross subsidy charges are payable as per HT2A tariff, whereby the demand of the company Rs 590.95 Lakhs for the company will reduce.

The company is awaiting the revised demand notice from HESCOM. As the liability will reduce, the Company has made provision for ₹ 250 Lakhs.

The company is also in the process of filing Writ Petition before the Honorable High Court of Dharwad to reduce the amount substantially or to waive off the cross-subsidy surcharges.

We filed on 28.02.2022 in Dharwad high court matter stayed on 07.03.2022. next date of hearing yet to be pronounced.

VI. Custom Duty for import of Denatured Ethyl Alcohol

The company has received a show cause cum demand notice dated 24th June 2021 for payment of 480 Lakhs towards differential custom duty on import (Difference between 5% and 2.5%) of Denatured ethyl alcohol.

In July 2017, GST was introduced with a concessional of 2.5% duty. Accordingly, the company has been paying 2.5% duty instead of 5 %.

In February 2021 budget it is declared that alcohol to be imported @ 5% from date of budget with no clarification for the period GST i.e July 2017 till 2020 for concessional rate of duty. Company has started paying 5% duty from Feb 2021.

The Customs has challenged that 2.5% duty was applicable for excisable goods and the applicable duty is 5 %. Hence the differential of 2.5% is applicable for the period July 2017 to February 2021.

Industry has already appealed to the Central Board of Indirect Taxes and Customs (CBIC), Ministry of Finance, Department of Revenue in November 2020. CBIC has forwarded this matter to Jt Secretary TRU (Tariff Unit). The Company has received a letter dated 21st December 2021 from The Office of the Deputy/Assistant Commissioner of Customs Nashik demanding Bond, as security for 100 % of the Dispute amount (₹ 480 Lacs) and 10% of the dispute amount as Bank Guarantee for taking up the proceeding further. Accordingly, the company has submitted the Bond for 100 % for Dispute amount and Bank Guarantee of ₹ 48.00 Lacs.

Personal Hearing done on 27.01.2022 & order passed by Dy. Commissioner of Customs, Nashik vide Order No 04/DC/ Customs-Adj/2021-22 dated 28.02.2022 and confirmed the demand of ₹ 480 Lakhs.

The Company filed an appeal before the Commissioner of Customs (Appeal), Nagpur against demand of Rs 480 Lakhs on 22.04.2022. The Company has paid ₹ 36 Lakhs as amount under dispute as required at the time of filing Appeal.

A Personal Hearing scheduled on 14th March 2023 was attended by our consultant Lakshmikumaran & sridharan all submissions were explained in detail. However, the Commissioner of Customs (Appeal), has disallowed the appeal of the company vide his order dated May 3, 2023. Now the company is in the process of filing an appeal with Customs, Excise, Service Tax Appellate Tribunal (CESTAT).

It is not practicable to estimate the timing of cash flows except Letter of Credits, in respect of matters stated above. Letter of Credits are due within three to six months

C. Financial Guarantees

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

(vi) Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year end are unsecured and interest free and settlement occurs in cash. The Company has given guarantee/security to the lenders of subsidiary company amounting to ₹ Nil Lakhs (March 31, 2022: ₹ 284.48 Lakhs). For the year ended March 31, 2023, the Company has not recorded any impairment of receivables relating to amount owed by related parties (March 31, 2022: NIL). This assessment is undertaken each financial year through examining the financial position of the related party and market in which the related party operates.

37. SEGMENT REPORTING

A. A. For management purposes, the Group is organized into following four business units based on the risks and rates of returns of the products offered by these unit as per Ind AS 108 on 'Operating Segment' :

Sugar

Cogeneration (Green Power)

Bio based Chemicals

Distillery

No operating segments have been aggregated to form the above reportable operating segment.

The Managing Director (MD) monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the standalone financial statements. Also, the Company's financing (including finance costs and finance income) and income taxes are managed on a Group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Year ended March 31, 2023

Adjustments and eliminations

Inter-segment revenues are eliminated upon consolidated and reflected in the 'adjustments and eliminations' column. All other adjustments and eliminations are part of detailed reconciliations presented further below.

Current taxes, deferred taxes and certain financial assets and liabilities are not allocated to those segments as they are also managed on a group basis.

Capital expenditure consists of additions of property, plant and equipment and intangible assets.

B. Information about geographical areas

The Company is domiciled in India. The Company's revenue from operations from external customers primarily relate to operations in India and all the non current assets of the Company are located in India.

Revenue from external customers

The company is domiciled in India. The amount of its revenue from external customers broken down by location of the customers is shown in the table below:

(₹ in Lakhs)

Particulars	March 31, 2023	March 31, 2021
India	156,245.90	126,514.30
Outside India	45,223.50	43,718.55
	201,469.40	170,232.85

Revenue from Major Customers

Revenue from customers exceeding 10% of total revenue for the year ended March 31, 2023 and March 31, 2022 were as follows:

(₹ in Lakhs)

Segment	March 31, 2023		March 31, 2022

Other financial liabilities	3,940.83	2,647.17	3,940.83	2,647.17
Total	118,118.84	123,807.85	118,118.84	123,807.85

The management assessed that the fair value of cash and cash equivalent, trade receivables, security deposits, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair values for loans and non current security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the Fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of non current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

ii. Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measure at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table:

Assets and liabilities measured at fair value - recurring fair value measurement:

(₹ in Lakhs)

Particulars	March 31, 2023				March 31, 2022			
	Fair value measurement using			Total	Fair value measurement using			Total
	Quoted prices in active markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)		Quoted prices in active markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Financial Assets								
Financial Investments at FVTPL								
Investments in Preference Shares	-	-	0.01	0.01	-	-	0.01	0.01

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

Investments in Equity Shares	-	-	0.03	0.03	-	-	-	-
Derivatives - Foreign Exchange forward contract	-	-	-	-	-	77.19	-	77.19
Total Financial Assets	-	-	0.04	0.04	-	77.19	0.01	77.21
Financial Liabilities	-	-	-	-	-	-	-	-
Total Financial Liabilities	-	-	-	-	-	-	-	-

Level 1 - Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 - If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity shares, contingent consideration and indemnification assets included in level 3.

iii. Valuation technique used to determine fair value

Specific Valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

The fair value of unquoted equity instruments is not significantly different from their carrying value and hence the management has considered their carrying amount as fair value.

39. FINANCIAL RISK MANAGEMENT

The group's activity expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the group, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

(A) Credit risk

Credit risk is the risk that the counterparty will not meet its obligations leading to a financial loss. Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables.

i. Credit risk management

To manage the credit risk, Group periodically assesses the financial reliability of customers; taking into account factors such as credit track record in the market and past dealings with the group for extension of credit to Customer. Group monitors the payment track record of the customers, restrict credit limited in SAP, credit rating etc. Concentrations of credit risk are limited as a result of the group's large and diverse customer base. Group has also taken advances and security deposits from its customers / agents, which mitigate the credit risk to an extent. Generally, term deposits are maintained with banks with which group has also availed borrowings.

ii. Provision for expected credit losses - Trade Receivables

The group follows 'simplified approach' for recognition of loss allowance on Trade receivables.

As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates.

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

Exposure - Trade Receivables (₹ in Lakhs)

Particulars	Past Due		Total
	Up to 6 Months	More than 6 Months	
As at March 31, 2023	20,471.09	734.19	21,205.28
As at March 31, 2022	15,924.16	2,153.99	18,078.15

iii. Reconciliation of loss allowance provision - Trade receivables (₹ in Lakhs)

Particulars		
Loss allowance on March 31, 2021		314.38
Changes in loss allowance		447.33
Loss allowance on March 31, 2022		761.71
Changes in loss allowance		(292.27)
Loss allowance on March 31, 2023		469.44

iv. Provision for expected credit losses - Other financial assets

The carrying amount of cash and cash equivalents, loans, deposits with banks and financial institutions and other financial assets represents the maximum credit exposure. The maximum exposure to credit risk is ₹ 6,083.32 Lakhs (March 31, 2022: ₹ 6,252.48 Lakhs). The group does not expect credit loss on other financial assets.

(B) Liquidity risk

Liquidity risk is the risk that a group may encounter difficulties in meeting its obligations associated with financial liabilities that are settled by delivering cash or other financial assets. The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

Contractual maturities of financial liabilities (₹ in Lakhs)

Particulars	Carrying Amount	Less than 1 year	1 to 5 years	More than 5 years
March 31, 2023				
Borrowings (including Loans under Government Grants)	73,801.31	28,196.84	45,604.47	-

Other financial liabilities	3,940.83	3,933.65	7.18	-
Total non derivative liabilities	118,118.84	72,457.05	45,661.79	-
March 31, 2022				
Borrowings (including Loans under Government Grants)	63,672.12	30,793.88	16,208.70	16,669.54
Lease liabilities	63.28	15.84	47.44	-
Trade payables	57,425.28	57,425.28	-	-
Other financial liabilities	2,647.17	2,639.99	7.18	-
Total non derivative liabilities	123,807.85	90,874.99	16,263.32	16,669.54

(C) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk such as commodity price risk.

(i) Foreign currency risk

Foreign currency risk arises commercial transactions that recognised assets and liabilities denominated in a currency that is not Group's functional currency (INR). The Group has natural hedge of exports against import and any excess in import if any, is cover by forward contract.

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

(a) Foreign currency risk exposure (₹ in Lakhs)

Particulars	USD	EURO	GBP	Total
March 31, 2023				
Trade Receivables	5,614.13	1,085.66	-	6,699.79
Trade Payables	(5,380.78)	(88.10)	(4.58)	(5,473.46)

March 31, 2022				
Trade Receivables	8,513.97	327.25	-	8,841.22
Trade Payables	(15,973.37)	(76.03)	0.50	(16,048.90)
Forward contracts for receivables	(4,486.46)	(142.52)	-	(4,628.98)
Forward contracts for payables	6,151.46	-	-	6,151.46
Net exposure to foreign currency risk	(5,794.40)	108.70	0.50	(5,685.20)

(b) Foreign currency sensitivity

1% increase or decrease in foreign exchange rates will have the following impact on profit before tax:

(₹ in Lakhs)

Particulars	March 31, 2023		March 31, 2022	
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD	2.07	(2.07)	(57.94)	57.94
EURO	2.01	(2.01)	1.09	(1.09)
GBP	(0.05)	0.05	0.01	(0.01)
Net Increase/(decrease) in profit or loss	4.03	(4.03)	(56.85)	56.85

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates.

(iii) Inventory price risk

The group is exposed to the movement in price of principal finished product i.e sugar. Prices of the sugar cane is fixed by government. Generally, sugar production is carried out during sugar cane harvesting period from November to April. Sugar is sold throughout the year which exposes the sugar inventory to the movement in the price. Group monitors the sugar prices on daily basis and formulates the sales strategy to achieve maximum realisation. The sensitivity analysis of the change in sugar price on the inventory as at year end, other factors remaining constant is given in table below:

(₹ in Lakhs)

Rate sensitivity	Increase / Decrease in sale price (per Qtls)	Effect on Profit before tax
For year ended March 31, 2023	1	+ / (-) 5.37
For year ended March 31, 2022	1	+ / (-) 7.77

44. Cenvat credit Tuljabhavani SSSK Ltd, Naldurg.

The company had taken the distillery of Tuljabhavani SSSK Ltd at Naldug, Maharashtra on a lease basis for three years upto June-2009. On the expiry of the lease, the company stopped production and surrendered the Central Excise registration certificate for the same. The company had carried forward and applied on March 28, 2012 for a transfer of CENVAT credit of ₹ 117.50 Lakhs lying in balance as on April 30, 2009 from the register of Tuljabhavani SSSK Ltd. to the register of Sakaradi unit of the company. A show cause notice (SCN) was issued to reject the request for a grant of permission to transfer credit lying as an unutilized balance in the CENVAT account.

The Assistant Commissioner of Central Excise & Customs, Nanded and rejected the company's submission and confirmed the said SCN.

Thereafter, The Commissioner of Central Excise and Service Tax, Aurangabad and Hon'ble Customs Excise Service Tax Appellate Tribunal (CESTAT), West Regional Branch, Mumbai have rejected company submissions and appeals.

The company has now filed an appeal before Hon'ble Bombay High Court, Aurangabad Bench on 18.04.2023 and are awaiting the hearing date for the matter.

45. Land at Sameerwadi

The part of the land at sameerwadi which is 7 acres 24 guntas is inamdar land presently it is in the name of Godavari Sugar mills limited (GSML), Godavari Biorefineries ltd demerged from GSML, The company has made application to regularise the land.

On 4th March 2022 Tahasildar, Rabkavi- Banahatti Dist Bagalkot has passed Order to enter the name of the GSML in the column no 9 of RTC bearing No 251/1 and 25/2 total measuring 7 acres 24 guntas of Saidapur village, taluka Rabkavi Banahatti Dist Bagalkot as per the diary No 2358 dated 15th Oct 1994. Now The Title of the Land has been updated in the name Of Godavari Biorefineries ltd from 12th Oct 2022

46. Power Purchase Agreement

The Company had filed a writ petition (WP: 4158/2019) to which Karnataka Electricity Regulatory Commission ("KERC") and the Electricity Supply Companies (ESCOMS) were party to the petition. The petition was against a clarification issued by KERC regarding the tariff payable to the Company which was not as per the PPA agreement. Based on the clarification the ESCOMS denied the payment of tariff was computed and billed by the Company. On April 23, 2021, the Hon'ble Bangalore High Court passed an order wherein it quashed the clarification issued by KERC for lower tariff.

KERC vide Order No. OP NO. 54/2016 & 85/2016 dated 28th March 2023 issued directions to the ESCOMs to pay the differential tariffs.

Accordingly, the company communicated to all ESCOMs along with the order copy for the payments. Following up continuously with all the ESCOMs. The company has received ₹ 618.99 Lakhs on 20th June 2023

GODAVARI BIOREFINERIES LIMITED

Notes To Consolidated Financial Statements For The Year Ended March 31, 2023

47. Income Tax Order for Assessment Year 2021-22

Addition of ₹ 13,218.75 Lakh on account of alleged suppressed sale sugar recovery

During the financial year Income Tax scrutiny assessment for assessment year 2021-22 was completed wherein unusually exorbitant addition of ₹ 13,218.75 Lakh was made to the income reported by the company in its income tax return and a demand order of ₹ 5,730.24 Lakh including interest was passed. The addition has been made on the technical grounds that the company's sugar recovery is less than 10%. The assessing officer has not considered many aspects and information applicable and relevant to the company during the assessment.

Furthermore, the assessing officer did not consider the tax credit available to the company and set off of the depreciation losses carried forward from previous years. The company submitted a rectification application to the Assistant Commissioner of Income Tax pointing out the apparent mistakes in the assessment proceedings and got the demand reduced to ₹ 2,753.96 Lakhs and also got a stay on the demand.

The company has filed an Appeal before the Commissioner of Income Tax on 24/01/2023 against the assessment order and also filed a grievance Petition arising out of High Pitch Assessment on 10/03/2023 to the Samadhan Faceless Assessment Unit.

48. Write off of Initial Public Offer (IPO) Expenses

The Company had initiated the procedure of raising funds from primary markets in F.Y 2021-2022 by floating IPO. The Company incurred total expenditure of ₹ 402.99 Lakhs for the procedure which were accounted as deferred revenue expenditure under current assets due to the pendency in completion of IPO procedure. However, the IPO was not launched and the expenditure incurred has been expensed off during current financial year under heads Professional Charges, Fees and Stamp Duty, Insurance Premium, Printing & Stationary, Audit Fees and Bank Charges.

49. E2e materials

The Company had made an investment of ₹ 134.65 Lakhs in a United States of America based company named as E2E Materials, INC. during the period April-2010 to July-2014. However, E2E Materials, INC. was dissolved on March 20, 2018 by the order of competent authority of United States of America. The Company had made a provision against the investment amount during period March-2015 to March-2016, as there was no expected returns or recovery against the investment made. The Company has submitted an application to UBI for reporting of disinvestment in E2E Materials, INC. due to dissolution on May 16, 2023 and awaiting response or confirmation from Union Bank of India along with applicable fees or demand under the LSF scheme of RBI.
